Q3 Please share your suggestions on ways to spread the culture of blood donation among members of the community.

Total responses : 7
Total skipped : 12

1. Save lives and live happier

2. sms

3. Blood donation camps and awareness programme

4. It is a zero cost way of saving someone's life and helping someone in need. By donating blood we will not loose anything but, save someone or some family.it should be made mandatory that all the healthy adult should donate blood at least once in a year.

5. Sending sms along with giving leave certificate for that day

6. Social Media

7. it should be vastly advesrtized by posting on road banners so that people know that it is being happening and participate in blood donation campaign. thanks!
