

Moutamayiz Super User Program

At the Ministry of Health and Prevention, our vision is to build a happy society supported by an effective and sustainable healthcare system. In order to make this vision a reality, we are building a new and dynamic community of Super Users

What's a Super User?

They'll be a community of dedicated individuals across our facilities

Their goal is to lead and spread adoption of the Wareed system

They'll keep you up-to-date and at the forefront of new developments

They'll help ensure alignment between our vision, care and patient interventions

Super Users will be recognized for the contribution to healthcare transformation

How to become a Super User

Register your interest

Receive soft skills coaching

Stay up-to-date with refresher training

Super User Outcomes

✓ Reduced facility documentation errors

✓ Increased facility adoption and usability

✓ Successful facility go live transformations

✓ Increased facility performance in targeted areas of improvement

✓ Decreased facility workflow and EMR knowledge gaps

184

Number of qualified Super Users to date

216

Number of trainings completed by Super Users
