Definitions

Accreditation: A formal system carried out by an official body authorized to evaluate and recognize the eligibility, quality of services, and competency of organizations or a person.

Authorities: The Ministry of Health and Prevention (MOHAP) or any governmental or local authority concerned with health affairs in the UAE.

Continuing Medical Education (CME): General activities that provide vital information relevant to medical practice. These workshops, congresses, e-courses etc. are based on effective educational principles that promote the attainment of efficient knowledge.

Continuing Professional Development (CPD): Hands-on activities aimed to improve, maintain, and broaden the professional's specialty knowledge necessary for the execution of professional and technical duties. These may be done by participating in lectures, courses, and seminars.

Credentialing: A process whereby a specific licensing title is assigned to a healthcare professional based on qualifications, training, experience, and current practice.

Experience: Hands-on clinical experience gained by a licensed healthcare professional during a paid employment/contractual period for full daily working hours throughout the working days. This excludes volunteer jobs, Observership.

Fitness to practice: A status where the healthcare professional consistently demonstrates appropriate professional conduct and behavior. Pertaining to the required skills and knowledge to practice without any impediments, i.e., physical or others.

Gap of Practice: A defined period of discontinuation of clinical experience/practice in the professional field of specialization post fulfilling the licensing requirements.

Primary Source Verification (PSV): A process of validating documents required for licensure from the issuing organization.

Good Standing Certificate (GSC): A certificate showing evidence that the healthcare professional is competent to practice the profession, has not been found guilty of professional misconduct and has no pending or previous disciplinary orders or criminal proceedings against them.

Healthcare Profession: Any profession related to providing medical and/or health services to individuals & the community.

Healthcare Professional: A person who, by education, training, certification, and licensure, is qualified to provide clinical services.

Health Facility: A facility that provides health services to individuals, such as prevention, treatment, and rehabilitation whether owned or managed by a normal person or legal entity.

Internship: A period of supervised clinical practice completed by graduates from Medicine and Dentistry programs to consolidate the knowledge gained during their study according to applied legislation in the country.

License: A permission granted by the Authority to practice a healthcare profession.

Licensing: A process of granting a legally protected professional title by the Authority

Licensing Authority: A body in charge of granting, suspending, revoking, or limiting healthcare licenses and privileges.

Part-Time Experience: A contract in which the employer and the worker agree that the working hours shall be less than the usual hours (eight hours per day), and according to which the worker can work at the same time for more than one employer. The minimum acceptable part-time experience number of hours per year is 400 hours.

Qualification: An educational evidence granted by universities, colleges, academic institutes, or schools that are nationally accredited or formally recognized.

Residency Program: A structurally advanced clinical training program in an accredited health facility providing clinical training in a specialty recognized by the regulatory authorities in the country. Qualifying the graduate to work in the field of specialization, and successfully pass the residency exist exams within five (5) years from completing the training program.

Tier: A term used to indicate a category of postgraduate qualifications for physicians and dentists based on the level and the presence of the following:

- Structure of the Training/Residency program.
- Training governance.
- Training curriculum.
- Quality assurance and audit of the program.
- Enrollment criteria and Entry level examination.
- Defined program competency framework.
- Competency-based assessment during training.
- Hands-on training and independent practice.
- Progression of responsibility during training and measurable outcomes at each level.
- Exist requirements and final certifying exam (National Level).
- Independence to practice post-qualification.
- Cross recognition of the qualification by other Authorities to practice independently.
- The requirement to maintain the licensing/qualification.

INTRODUCTION

Preface

We the Unified Healthcare Professional Qualification Requirements (PQR) Committee are represented by the United Arab Emirates (UAE) health regulatory authorities; inclusive of the Ministry of Health and Prevention (MOHAP), Department of Health -Abu Dhabi (DOH), Dubai Health Authority (DHA) and Sharjah Health Authority (SHA). With great honor, collectively publish the 3rd version of the inclusive licensing guideline within regulatory contexts invalidating previous versions. For the purpose of this document these Health Regulatory Authorities in the UAE shall be referred to as the Authorities.

The PQR provides a base for the Authorities to assess credentials and relative documents submitted by applicants, in accordance to the UAE federal laws and benchmarked with international best practices. The PQR Committee, consists of members with extensive experience in the related field of health licensing & medical education. The committee is in constant pursue of broadening the scope of clinical experts as it places an emphasis on educational standards, experience and licensure requirements, paving the way for further enhancements and developments in the healthcare system across the UAE. Therefore, by harboring highly accomplished and qualified professionals we aim to edge the leading position in structuring professional practice through the orchestration of licensing stipulated within.

1. Licensure General Requirements

Applicants' credentials are required to fulfill all of the following standards to qualify for licensure:

1.1 Educational Qualifications

- 1.1.1 Educational programs must be nationally accredited. Qualifications acquired through honorary nature, correspondence, distance-learning, and equivalency criteria(s) are not counted towards the PQR requirements.
- 1.1.2 Qualification must be issued by institutions/colleges recognized by respected Authorities that recognize/accredit educational programs in that country.
- 1.1.3 Provisional certificates - listed in the PQR- are accepted, provided that it is issued and accredited by the relevant authority responsible for issuing final certificates.
- 1.1.4 Hybrid certificates shall not be accepted (except those issued during exceptional periods such as the COVID-19 pandemic)
- 1.1.5 At the entry-level, the minimum qualification required is a high school certificate pertaining to the specific educational system in that country.
- 1.1.6 Physicians applying for General Practitioner title must complete a medical degree with duration of study not less than five (5) years (excluding internship year).
- 1.1.7 The Authorities will evaluate and accept qualifications in accordance to the following criteria:
 - 1.1.7.1 The country and institution from which the qualification was awarded.
 - 1.1.7.2 The level of national/international recognition of the qualification.
 - 1.1.7.3 The duration and content of study and the presence of clinical practice/practical training.
 - 1.1.7.4 Post qualifications/sub-specialty qualifications attained must be from one of the recognized countries and relevant to the primary specialty.
 - 1.1.7.5 Qualifications not mentioned in this document may be evaluated and reviewed by the PQR Committee, which may grant the applicant the appropriate title.

1.2 Professional Experience

1.2.1 Internship / Training

- 1.2.1.1 All physicians and dentists are required to successfully complete **one (1) year** internship post-graduation.
- 1.2.1.2 For physicians and dentists without any evidence of completing the internship, an additional **two (2) years** of experience is required.
- 1.2.1.3 For physicians and dentists who graduated from programs outside the UAE, where the one-year internship is part of the program, the internship may be accepted provided it is completed after the date of the final degree exam. Two years of clinical experience post Internship program is required to apply for GP title.
- 1.2.1.4 Nurses, Midwives and Allied Healthcare professionals:
 - 1.2.1.4.1 UAE nationals and Children of Emirati women: are not required to complete training post-graduation. (Children of Emirati Women must present a copy of the birth certificate and the mother's family book).
 - 1.2.1.4.2 Non-UAE nationals: Graduates from UAE universities must complete **six (6) months** of training post-graduation in an Approved Practice Setting (APS) health facility (except when no experience is required for the title).
 - 1.2.1.4.3 GCC nationals must complete **six (6) months** of training post-graduation (except when no experience is required for the title).

1.2.2 Experience

- 1.2.2.1 The applicant's experience must be relevant to the title applied for, and in
- 1.2.2.2 Physicians and dentists in surgical specialties should provide Logbook(s) with sufficient procedures/ cases covering the common aspects of the specialty as a prerequisite for licensing.
- 1.2.2.3 The applicant's experience must be hands-on clinical experience gained by a licensed healthcare professional during a salaried employment/contractual period. Non-clinical experience/teaching experience shall not be considered.

1.3 Professional License and Good Standing Certificate

- 1.3.1 The applicant must have a valid professional license to practice or are registered (where applicable) in their home country and/or country of last employment.
- 1.3.2 The validity of the license/registration (where applicable) should cover the minimum required experience(s) for the applied title.
- 1.3.3 The applicant shall provide Good Standing Certificate (GSC) proving that the healthcare professional is not prohibited nor restricted from performing any clinical practice(s) and meets/fulfills the following:
 - 1.3.3.1 Valid and not older than **six (6) months** at the time of applying for a license covering the minimum required experience for the applied title.
 - 1.3.3.2 Issued by the health regulatory authority in the country(s) of last employment. In countries that lack regulatory bodies, GSC may be accepted if issued officially by the last employer.
- 1.3.4 The Authorities may request more evidence or conduct investigations if deemed necessary to prove the status of good conduct of the healthcare professional.
- 1.3.5 The applicant must declare that he/she has never been convicted of any felony, a misdemeanor involving breach of honor or trust, legal cases, or medical malpractice during his/her practice of the healthcare profession -unless he/she has been rehabilitated, or if he/she is currently under investigation.
- 1.3.6 The Authorities shall not issue a GSC unless the healthcare professional has completed **three (3) months** of clinical experience from the date of issuing the license.
- 1.3.7 The Authorities may issue a professional license/temporary permit to practice for three months, subject to a single renewal only.
- 1.3.8 Residents and interns in the UAE are allowed to transfer between health facilities nationwide, as long as they hold a practice license from one of the health authorities in an approved training program. They do not need to secure a new license from the health authority overseeing the new facility, provided they possess valid medical malpractice insurance.

1.4 Primary Source Verification

- 1.4.1 The documents required for licensing shall be verified directly from the original or primary source.
- 1.4.2 These documents include but are not limited to educational qualification(s), experience certificate(s), professional license(s), and/or any other documents deemed necessary by the Authorities.

1.5 Examination

- 1.5.1 Healthcare Professionals are required to pass the Authority's examination to obtain a professional license in the UAE. UAE nationals and Children of Emirati Women are exempted from the Authority examinations (Children of Emirati Women must present a copy of their birth certificate and the mother's family book).
- 1.5.2 The mode of examination shall depend on the healthcare professional's title and may include but not be limited to written, oral, Objective Structured Clinical Examination (OSCE) etc.
- 1.5.3 While applying for the examination, applicants need to consider the following:
 - 1.5.3.1 All examinations will be conducted in English, and no translator is allowed to attend the oral examination.
 - 1.5.3.2 Oral examination consists of a minimum of five (5) different scenarios/questions in areas related to the specialty or as deemed necessary by the examining panel.
- 1.5.4 The applicant is granted three (3) attempts to pass the examination across the Authorities.
- 1.5.5 The applicant may be granted one (1) final attempt with a different authority after failing three (3) times with another authority.
- 1.5.6 The applicant must declare the number of examination attempts he/she has undertaken across the Authorities.
- 1.5.7 Authorities reserve the right to re-examine professionals when deemed necessary.

1.6 Exam Equivalency Criteria

- 1.6.1** Healthcare professionals who successfully completed certain international examinations and/or hold an active registration/license to practice by certain regulatory bodies will be exempted from the licensure examination (refer to Exam Equivalency Criteria chapter) post fulfilling the applied title requirements.
- 1.6.2** In the case of examination exemption, the scope of the exemption is limited to exam requirements. It does not apply to any other requirements for licensure such as credentialing, experience, PSV, etc.

1.7 Discontinuity of Practice (Gap of Practice)

- 1.7.1** Healthcare professionals, who have discontinuity in clinical practice exceeding **three (3) years** and opting to be licensed in the UAE, must follow the CME/CPD requirements below and surgical logbook for surgical specialties. This includes healthcare professionals providing telehealth services.
- 1.7.2** All CME/CPD credits must be related to the practice specialty of the healthcare professional and according to the CME/CPD specific requirements of the Authorities.
- 1.7.3** All clinical training programs shall be carried out in an approved practice setting recognized by the relevant Authority. For surgical specialties, the healthcare professional must provide the surgical Logbook during the required training period.
- 1.7.4** All clinical training programs shall be carried out in APS health facility recognized by the Authorities.
- 1.7.5** All applicants (apart from UAE nationals and Children of Emirati Women) are required to pass the Authorities licensure examination after the completion of CME/CPD credits and clinical training programs within the related profession. This includes Healthcare professionals with valid Exam Equivalency proof according to the Exam Equivalency Criteria chapter and have completed the Gap of Practice requirements.
- 1.7.6** In general, Non-UAE Nationals will not be able to apply for a license if they have a gap of practice for more than **five (5) years** (and more than **ten (10) years** for UAE nationals and Children of Emirati Women).
- 1.7.7** UAE nationals who have an interruption of clinical practice due to the UAE mandatory National services are not considered in Gap of Practice.

Gap of Practice	Physicians/Dentists	Nurses	Allied Health/ Pharmacists	TCIM
From three to less than four years	80 CME/CPD credits 6 months of training	40 CME/CPD credits 6 months of training	20 CME/CPD credits 6 months of training	20 CME/CPD credits 6 months of training
From four to less than five years	120 CME/CPD credits 8 months of training	60 CME/CPD credits 8 months of training	30 CME/CPD credits 8 months of training	30 CME/CPD credits 8 months of training
From five to ten years (UAE nationals & Children of Emirati Women only)	200 CME/CPD credits 12 months of training	100 CME/CPD credits 12 months of training	50 CME/CPD credits 12 months of training	50 CME/CPD credits 12 months of training

2. Renewal of Licenses

2.1 Physicians and dentists in surgical specialties should provide surgical logbook(s) as a prerequisite for renewing the license. The logbook requirement for license renewal must be submitted every 2 years. If the professional is not able to provide a logbook, the period of the gap in surgical practice is calculated from the date of the last operation, in accordance with the Discontinuity of Practice (Gap of Practice) table. The Authority can restrict the healthcare professional's practice or direct him/her to train as they deem necessary appropriate.

2.2 CME/CPD Requirements

The following minimum annual CME/CPD requirements must be fulfilled. CME/CPD must be relevant to the field of the specialty:

Licensing Category		Minimum CME/CPD Required
	Physicians and Dentists	40
	Nurses	20
	Pharmacists	20
	Allied Health	10
	Traditional Complementary and Integrative Medicine Practitioners (TCIM)	10

3. Licensure Recognition among the Authorities

License recognition applies to healthcare professionals fulfilling the requirements below:

- 3.1** Professionals that fulfill the authorities' licensure requirements stipulated in this PQR are eligible for examination exemption; provided that the professional did not exceed the permissible attempts for passing the exam(s) for the same title.
- 3.2** Hold a valid license issued by any of the Authorities.
- 3.3** Present a valid GSC as well as a full PSV report as requested by the Authority. If the duration of professional experience is less than 3 months and the GSC certificate cannot be issued, a GSC certificate from the last health facility must be presented.
- 3.4** If the health professional's license is suspended or revoked by one health authority in the country, the same decision will be applied by the other health authorities in the UAE where the professional is licensed.
- 3.5** The applicant shall be granted the same title as previously granted if it is listed in this PQR. He/she cannot apply for a higher or lower title unless the requirements of the PQR are fulfilled.
- 3.6** If the license is expired/canceled, it must not exceed six (6) months of expiry at the time of application.
- 3.7** Internal licensing processes and privileges are subject to the policies and procedures of each Authority.

Chapter 1

PHYSICIANS

4. Requirements and Considerations

4.1 Physicians Licensure Requirements

Physicians applying for licensure must fulfill the following requirements:

- 4.1.1 Must be graduates from formal recognized allopathic Medical Schools/College of Medicine which must be accredited by the concerned issuing authority of that country.
- 4.1.2 For UAE graduates, the program and university must be accredited by the Ministry of Education (MOE/NQC).
- 4.1.3 Graduates with a basic degree in **Osteopathy** opting for licensure as specialists or consultants will be accepted if their specialization is obtained from one of the following:
 - 4.1.3.1 American Board of Medical Specialties providing the specialty is accredited by ACGME.
 - 4.1.3.2 Certificates of Specializations of the Royal College of Physicians and Surgeons of Canada.
- 4.1.4 Physicians are required to successfully complete **one (1) year** i.e. 12 months' internship post-graduation.
- 4.1.5 Applicants must hold a valid License/Registration to practice in their home country and/or country of last employment (where applicable).
- 4.1.6 Experience in the following specialties will be accepted when applying for General Practitioner title:
 - 4.1.6.1 Cardiology.
 - 4.1.6.2 Critical Care Medicine.
 - 4.1.6.3 Emergency Medicine.
 - 4.1.6.4 Family Medicine.
 - 4.1.6.5 General Surgery.
 - 4.1.6.6 Internal Medicine.
 - 4.1.6.7 Obstetrics and Gynecology.
 - 4.1.6.8 Pediatrics.
- 4.1.7 Sub-specialty clinical experience may be accepted upon application and fulfillment of basic specialty requirements.
- 4.1.8 Applicants accepted into the Authorities' approved residency programs will be granted the licensure title as a "Resident".
- 4.1.9 Recognized Medical Specialty qualification - listed in this PQR- will be accepted after completing the full-time program for a period of not less than **three (3) years** as:
 - 4.1.9.1 Clinical Residency programs.
 - 4.1.9.2 Clinical Master's degrees.
 - 4.1.9.3 Clinical PhD.
- 4.1.10 The recognized specialty degree in Dermatology and Venerology can be accepted to obtain the title of specialist/consultant dermatologist (according to the Tier of degree)
- 4.1.11 The recognized sub-specialty degree mentioned in this PQR, which has a duration of two (2) years, can be accepted if the duration of the main specialization is at least three (3) years.
- 4.1.12 Qualifications not listed in this document may be evaluated and reviewed by the PQR Committee provided that they meet the criteria mentioned above
- 4.1.13 Specialists with Tier 1 or 2 qualifications are not required to have experience post qualification in the specialty field if the qualification has been obtained within the recent two (2) years.

4.1.14 Sub-specialty qualifications obtained post the main specialty degree will be accepted if issued by a country listed in this document.

4.2 Special Considerations

4.2.1 Experience

4.2.1.1 UAE nationals and Children of Emirati Women:

4.2.1.1.1 Are exempted from experience to obtain the title of General Practitioner within **two (2) years** from completing the internship (Children of Emirati Women must submit a copy of their birth certificate and the mother's family book).

4.2.1.1.2 Specialists with Tier 3 qualifications require at least **one (1) year** of experience post qualification in the specialty field.

4.2.1.2 Non-UAE nationals:

4.2.1.2.1 Graduates from UAE universities: are exempted from experience to obtain the title of General Practitioner within **two (2) years** from completing the internship.

4.2.1.2.2 Graduates from non-UAE universities: are required to fulfill the experience as per their relevant titles according to the PQR

5. Qualification and Experience Requirements for Physicians Licensure

Category	Qualifications	Experience		
Intern	MBBS or MBChB or equivalent qualification from an accredited institution	No experience required*		
Resident	MBBS or MBChB or equivalent qualification from an accredited institution	Successful completion of the internship program And Additional requirements as per the relevant Authority's residency standards		
General Practitioner	MBBS or MBChB or equivalent qualification from an accredited institution	Successful completion of the internship program And Two (2) years of clinical experience		
Specialist	MBBS or MBChB or equivalent qualification from an accredited institution And Completion of specialty qualification as per the "Recognized Specialty Certificate" table	Tier 1	Tier 2	Tier 3
		No experience is required after obtaining main or sub-specialty qualification*	No experience is required after obtaining main or sub-specialty qualification*	UAE nationals & Children of Emirati Women: <ul style="list-style-type: none"> One (1) year experience after obtaining main specialty qualification. No experience is required after obtaining sub-specialty qualification* Non-UAE nationals: <ul style="list-style-type: none"> Three (3) years of experience after obtaining main specialty qualification Two (2) years of experience after obtaining sub-specialty qualification

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

Category	Qualification	Experience		
		Tier 1	Tier 2	Tier 3
Consultant	MBBS or MBChB or equivalent qualification from an accredited institution And Completion of specialty qualification as per the “Recognized Specialty Certificate” table	<ul style="list-style-type: none"> Two (2) years of experience after obtaining main specialty qualification One (1) year of experience after obtaining sub-specialty qualification 	<ul style="list-style-type: none"> Five (5) years of experience after obtaining main specialty qualification Four (4) years of experience after obtaining sub-specialty qualification 	Cannot attain the title ¹

¹**Note:** Physicians enrolled in a recognized Tier 3 program before June 2017 may apply for the title of Consultant' providing the below criteria are met:

- The certificate must be issued by a Tier 3 country that do not issue higher qualifications (UAE nationals and Children of Emirati women are excluded from this).
- Submitting a Good Standing Certificate during previous work experience.
- The doctor must not have been subjected to a ruling or disciplinary decisions during the last Five (5) years.
- Provide licensed experience with the title “Specialist” of at least 10 years in a hospital or in multi-specialty clinics (minimum of three different related specialties) within UAE.
- Work in a Supervisory position for the last two years (e.g., unit head, team leader, program director, or assistant director) or provide proof of leading a team of doctors with at least two resident doctors or specialists working in the same specialty at the hospital during the two years.
- Provide evidence of having two (2) research publications over the past ten years in accredited scientific journals classified as “indexed” in the relevant field, with the physician listed as the principal investigator, provided that the doctor is the main researcher.
- Two recent letters of recommendation must be provided, one from the medical director of the health facility and another from a consultant in the same specialty who worked with the doctor in the same unit.
- For surgical specialties: A copy of the surgical logbook for the last 5 years is required.
- Pass Consultant assessment in only three attempts (the condition of obtaining fourth attempt in another health authority does not apply to these cases)
- Any other requirements determined by the health authority.

6. Clinical Sub-specialty Evaluation criteria for Physician's licensure

6.1 Qualification (one of the below):

6.1.1 A sub-specialty certificate listed in the PQR.

6.1.2 A main specialization certificate listed in the PQR, followed by **one (1) to two (2) years** of clinical training/clinical fellowship recognized according to the program criteria.

6.2 Experience:

6.2.1 Non-UAE Nationals must fulfill the experience requirements in their main specialization before applying for the sub-specialty title.

6.2.2 Experience is calculated post obtaining the sub-specialty training certificate.

6.2.3 For the sub-specialty certificates that are listed in the PQR; refer to table no. 5 (Qualification and Experience Requirements for Physicians Licensure). Whereas, for clinical training/ clinical fellowship the experience requirements are as follows:

Main specialty	Requested License category	Experience		
		Clinical training/clinical fellowship certificates from Tier 1 country	Clinical training/clinical fellowship certificates from Tier 2 country	Clinical training/clinical fellowship certificates from Tier 3 country
Tier 1	Specialist	No Experience Required*	Two (2) years (No experience required for UAE nationals and Children of Emirati Women) *	Three (3) years (Two (2) years for UAE nationals and Children of Emirati Women)
	Consultant	Two (2) years	Five (5) years (Three (3) years for UAE nationals and Children of Emirati Women)	Cannot attain the title
Tier 2	Specialist	No Experience Required*	Two (2) years (No experience required for UAE nationals and Children of Emirati Women) *	Three (3) years (Two (2) years for UAE nationals and Children of Emirati Women)
	Consultant	Two (2) years	Five (5) years (Three (3) years for UAE nationals and Children of Emirati Women)	Cannot attain the title
Tier 3	Specialist	No Experience Required*	Two (2) years (No experience required for UAE nationals and Children of Emirati Women) *	Three (3) years (Two (2) years for UAE nationals and Children of Emirati Women)
	Consultant	Cannot attain the title	Cannot attain the title	Cannot attain the title

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

7. Recognized Specialty Certificates

Country	Tier 1	Tier 2	Tier 3
Algeria			Certificate of Specialization
Arab Countries		Board certificate issued by the Arab Board for Medical Specialties	
Argentina			Specialization Certificate issued by the Ministerio de Desarrollo Social y Salud
Armenia			Diploma qualifying as a medical specialist in one of the medical specialties (minimum three (3) years course duration)
			Candidate (PhD)
Austria	Facharztdiplom (Diploma of medical specialist) issued by Österreichische Ärztekammer with registration as a specialist Note: UAE nationals are not required to have Specialist registration	Facharztdiplom (Diploma of medical specialist) issued by Österreichische Ärztekammer	
	An ArztfürAllgemeinmedizin (Diploma of general medicine) with registration as a specialist Note: UAE nationals are not required to have Specialist registration	An ArztfürAllgemeinmedizin (Diploma of general medicine)	
Australia	Fellowship of the Royal College/Colleges recognized by the Australian Medical Council AMC Note: Fellowship should be by Exam , not by endorsement or election		
Azerbaijan			Clinical Ordinatura (Minimum three (3) years course duration — not including the internship)
			Clinical Masters
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)

Country	Tier 1	Tier 2	Tier 3
Bangladesh			Fellow of the Bangladesh College of Physicians and Surgeons Note: Fellowship should be by Exam , not by endorsement or election
			Master of Surgery (MS)
			Doctor of Medicine (MD)
Belarus			клиническая ординатура / Clinical Ordinatura (Minimum three (3) years course duration — not including the internship)
			Clinical Masters
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
Belgium	Specialty degree issued by Service public fédéral Santé publique (SPF) Santé publique, Sécurité de la Chaîne alimentaire et Environnement/ Federal Public Service Public Health, Food Chain Safety and Environment		
	Specialty degree issued by Communauté française de Belgique (CFB) / French Community of Belgium.		
Bosnia and Herzegovina			Certificate of successful completion of the specialist Exam
Brazil			“Titulo De Especialista” Issued by Brazilian Medical Association and the Brazilian College or Society. And Registered with the Regional Councils or Federal Medical Council as a Specialists
Bulgaria			Свидетелство за призната Специалност (Evidence of recognized specialty) awarded by the Университет (University)
			Свидетелство за призната специалност по Обща медицина (Certificate recognized specialty in General Medicine)

Country	Tier 1	Tier 2	Tier 3
Canada	Specialization Certificate of the Royal College of Physicians and Surgeons of Canada (RCPSC)		Evidence of successful completion of a university-based clinical residency program accredited by the Royal College of Physicians and Surgeons of Canada (For UAE national only)
	Certification by the College of Family Physicians of Canada (CCFP)		
Chile			Evidence of successful completion of an accredited residency program and specialty certificate issued by the Medical School where the residency was conducted
China			Evidence of clinical training (minimum two (2) years course duration) accredited by the National Committee of Academic Degree leading to a Master's Degree
Colombia			Titulo De Especialista" issued by a University (minimum of three (3) years course duration) with specialist registration
Croatia			Diploma o specijalističkom usavršavanju issued by the Ministarstvo nadležno za zdravstvo (Certificate of successful completion of the specialist Exam – issued by Ministry of Health)
			Diploma o specijalističkom usavršavanju in specijalist obiteljske medicine issued by the Ministarstvo nadležno za zdravstvo
Cuba			First Degree of Specialization
Cyprus			Πιστοποιητικό Αναγνώρισης Ειδικότητας (Certificate of medical specialization) awarded by Medical Council of Cyprus
			Τίτλος Ειδικότητας Γενικής Ιατρικής (Title of specialization in General Medicine)

Country	Tier 1	Tier 2	Tier 3

			Intercollegiate Specialty Board leading to FRCS (Fellowship)
Israel		Specialty certificate issued by Ministry of Health	
Italy		A Diploma di medico specialista, rilasciati dal rettore di una università (Diploma of specialized doctor granted by the rector of an Italian University)	
		An Attestato di formazione specifica in medicina generale (Certificate of specific training for general medical practice)	
Japan			Clinical Ph.D. (minimum two (2) years course duration)
Jordan		Jordanian Board issued by the Jordanian Medical Council	Certificate of Higher Specialization
Kazakhstan			клиническая ординатура / Clinical Ordinatura (Minimum three (3) years course duration — not including the internship)
			Clinical Masters
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)

Country	Tier 1	Tier 2	Tier 3
Kingdom of Saudi Arabia		Saudi Specialty Certificate issued by the Saudi Commission for Health Specialties	
Kosovo			Specialist clinical training issued by the Ministry of Health of Kosovo (minimum two (2) years course duration). And Registration with the Medical Board of Kosovo
Kuwait		Board Certification by the Kuwait Board under the Kuwait Institute for Medical Specialization/Ministry of Health	
Latvia			'Sertifikāts'—kompetentu iestāžu izsniegts dokuments, kas apliecina, ka persona ir nokārtojusi sertifikācijas eksāmenu specialitātē (Specialist certificate awarded by the Latvian Medical Association)
			Ģimenes Ārsta Sertifikāts (Certificate of specialist training awarded by the Latvian Medical Association)
Lebanon		Certificate of completion of residency or specialization certificate and exit exam from St Joseph University, Lebanese University, or American University of Beirut	Certificate of Completion of residency and exit exam from all other Lebanese Universities (minimum three (3) years residency program duration)
Libya			The Libyan Board of Medical Specialty
Lithuania			Rezidentūros pažymėjimas, nurodantis suteiktą gydytojo specialisto profesinę kvalifikaciją (Certificate of resident studies, which shows the qualification as a specialized medical doctor awarded by a Lithuanian University)
			Šeimos gydytojo rezidentūros pažymėjimas (Certificate of family medicine awarded by a Lithuanian University)

Country	Tier 1	Tier 2	Tier 3
Luxembourg	Certificat de médecin spécialiste issued by the Ministre de la Santé publique		
	Diplôme de formation spécifique en médecine générale		
Macedonia			Potrdilo o opravljenu specialisticnem izpitu (Certificate of successful completion of the specialist Exam issued by a university)
Malaysia			Master's degree (minimum four (4) years course duration)
Malta			Ċertifikat ta' Speċjalista Mediku awarded by the Kumitat ta' Approvazzjoni dwar Speċjalisti (Medical Specialist Certificate awarded by the Specialist Accreditation Committee)
			Tabib tal-Familja awarded by the Kumitat ta' Approvazzjoni dwar Speċjalisti
Mexico			Evidence of minimum three (3) years residency program with a specialist degree
Moldova			Kandidat Nauk
			Evidence of residency program with a specialist degree
Montenegro			Certificate of successful completion of the specialist Exam
Morocco			Diplome de Specialite Medicale (Specialty degree issued by a university and approved by the National Doctor Authority)

Country	Tier 1	Tier 2	Tier 3
Netherlands	<p>Bewijs van inschrijving in een Specialistenregister (Certificate of recognition)</p> <p>And</p> <p>Registration/certificate of entry in the Specialist Register:</p> <ul style="list-style-type: none"> • Medisch Specialisten Registratie Commissie (MRSC) • Sociaal-Geneskundigen Registratie Commissie • Huisarts en Verpleeghuisarts Registratie Commissie (HVMC) van de Koninklijke Nederlandsche Maatschappij tot Bevordering der Geneeskunst (Note: Only certificates issued before 19 July 2007 are accepted from this awarding body) • Registratie Commissie Geneeskundig Specialisten(RGS) 		
	<p>Certificaat van inschrijving in een specialistenregister van huisartsen awarded by any of the following:</p> <ul style="list-style-type: none"> • Huisarts en Verpleeghuisarts Registratie Commissie (HVMC) • Registratie Commissie Geneeskundig Specialisten (RGS) 		
Nepal			MD/MS degree with Nepal Medical Council specialty registration
New Zealand	<p>Fellowship of the Royal College/Colleges</p> <p>Note: Fellowship should be by Exam, not by endorsement or election</p>		
Nigeria			Fellowships of the National Postgraduate Medical College of Nigeria

Country	Tier 1	Tier 2	Tier 3
Norway	Spesialistgodkjenning issued by the Den Norske Legeforening (Medical Association of Norway or Norwegian Directorate of Health)		
	Bevis for kompetanse som allmennpraktiserende lege/Godkjenning som allmennpraktiserende lege (Certificate of specific training for general medical practice issued by Norwegian Registration Authority for Health Personnel (SAK)		
Oman		Oman Medical Specialty Board certificate	
Pakistan			MD in Clinical Medicine
			Fellowship of College of Physicians and Surgeons in Pakistan (FCPS)
			Master of Surgery (MS)
Palestine			Palestinian Board
Philippines			Diplomate of the Philippine Board
Poland		Dyplom uzyskania tytułu specjalisty (Specialist Diploma) issued by the Centrum Egzaminów Medycznych	First Degree of Specialization
		Dyplom uzyskania tytułu specjalisty w dziedzinie medycyny rodzinnej (Specialist in family medicine) issued by the Centrum Egzaminów Medycznych	
Portugal		Título de Especialista (Professional award of specialist) issued by the Ordem dos Medicos	
		Título de especialista em medicina geral e familiar (Certificate of specific training for general medical practice) issued by Ministério da Saúde or Ordem dos Medicos	

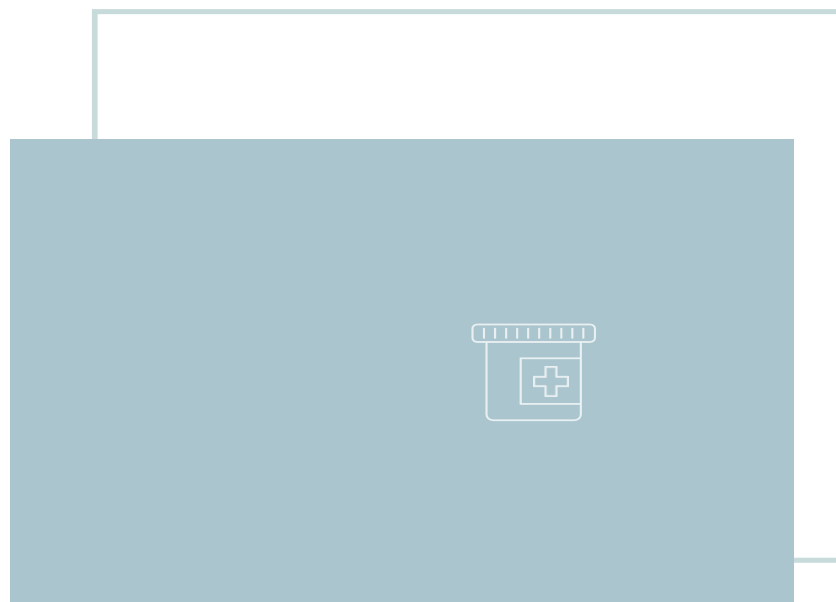

Country	Tier 1	Tier 2	Tier 3
Romania			Certificat de medic specialist issued by Ministerul Sănătății Publici (The Ministry of Public Health)
			Certificat de medic specialist medicină de familie issued by Ministerul Sănătății Publici
Russia			клиническая ординатура / Clinical Ordinatura (Minimum three (3) years course duration — not including the internship)
			Clinical Master
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
Serbia			Specialty certificate issued by a Serbian University
Singapore	Exit certificate from Joint Committee on Specialist Training (JCST) And Certificate of Specialist Accreditation from the Specialist Accreditation Board		
Slovakia		Diplom o špecializácii (Diploma of specialization) issued by Slovakian Universities	
		Diplom o špecializácii v odbore všeobecné lekárstvo issued by a Slovakian Universities	
Slovenia			Potrdilo o opravljenem specialisticnem izpitu (Certificate of successful completion of the specialist Exam) issued by the Medical Chamber of Slovenia
			Potrdilo o opravljeni specializaciji iz dru žinske medicine (Certificate of completion of specialist training in family medicine) issued by Medical Chamber of Slovenia
South Africa	Fellowship certificate issued by the Colleges of Medicine/Surgery of South Africa	Master of Medicine (M. Med) degree	

Country	Tier 1	Tier 2	Tier 3
South Korea	Completion of three (3) years residency program in the specialty area - post the internship - And License as a specialist awarded by the Ministry for Health, Welfare and Family Affairs		
Spain		Título de especialista (Professional qualification of a specialist) issued by the concerned health authority Título de especialista en medicina familiar y comunitaria (Specialist certificate in family and community medicine) issued by the concerned health authority

United States of America	American Board Certificates issued by the American Board of Medical Specialties (ABMS)	American Board Certificates issued by the American Osteopathic Association (AOA)	Certificate of Completion of a residency program accredited by the Accreditation Council of Graduate Medical Education (ACGME) (For UAE national only)
Uzbekistan			Clinical Ordinators (Minimum three (3) years course duration — not including the internship)
			Clinical Master
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)

Country	Tier 1	Tier 2	Tier 3
Venezuela			Completion of a minimum of three (3) years university specialization program. And registration as Specialist issued by the Colegio de Medicos
West Africa			Fellowship of the West African College of Physicians
West Indies			Doctor of Medicine issued by a University of West Indies
Yemen			Clinical master's degree or residency program (minimum three (3) years course duration) issued by a Yemeni University

8. Recognized Specialty Titles for Licensing

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Acute Internal Medicine	Pre-Hospital Emergency Medicine	طب طوارئ ما قبل الادخال للمستشفى	طب الأمراض الباطنية الحادة
	Stroke Medicine	طب السكتة الدماغية	
Aerospace Medicine	Addiction Medicine	طب الإدمان	طب الفضاء
	Clinical Informatics	المعلومات السريرية	
	Medical Toxicology	طب علم السموم	
	Undersea And Hyperbaric Medicine	طب الأعماق والعلاج بالأكسجين المضغوط	
Allergy			أمراض الحساسية
Anatomic Pathology (Histopathology)	Blood Banking/Transfusion Medicine	علم بنك الدم ونقل الدم	علم الأمراض التشريحي
	Chemical Pathology (Clinical Biochemistry)	علم الأمراض الكيميائي	
	Clinical Informatics	المعلومات السريرية	
	Cytopathology	علم أمراض الخلايا	
	Dermatopathology	علم الأمراض الجلدية	
	Forensic Pathology	علم الأمراض الجنائي	
	Hematopathology	علم أمراض الدم	
	Medical Microbiology Pathology	علم الأحياء الدقيقة	
	Molecular Genetic Pathology	علم أمراض الوراثة الجزيئية	
	Neuropathology	علم أمراض الأعصاب	
	Pediatric Pathology	أطفال- علم الأمراض	

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Anatomic Pathology and Clinical Pathology	Blood Banking/Transfusion Medicine	علم بنك الدم ونقل الدم	علم الأمراض السريرية والتشريحية
	Chemical Pathology (Clinical Biochemistry)	علم الأمراض الكيميائي	
	Clinical Informatics	المعلومات السريرية	
	Cytopathology	علم أمراض الخلايا	
	Dermatopathology	علم الأمراض الجلدية	
	Forensic Pathology	علم الأمراض الجنائي	
	Hematopathology	علم أمراض الدم	
	Medical Microbiology Pathology	علم الأحياء الدقيقة	
	Molecular Genetic Pathology	علم أمراض الوراثة الجزيئية	
	Neuropathology	علم أمراض الأعصاب	
	Pediatric Pathology	علم الأمراض - أطفال	
Anesthesia	Adult Cardiothoracic Anesthesiology	تخدير القلب والصدر	طب التخدير
	Clinical Informatics	المعلومات السريرية	
	Critical Care Medicine	طب العناية المركزة	
	Hospice And Palliative Medicine	طب العلاج التلطيفي والتسكين	
	Neurocritical Care	طب العناية المركزة - أعصاب	
	Obstetric Anesthesia	طب تخدير الولادة	
	Pain Medicine	طب الألم	
	Pediatric Anesthesiology	طب التخدير - أطفال	
	Pre-Hospital Emergency Medicine	طب طوارئ ما قبل الادخال للمستشفى	
	Regional Anesthesia	طب التخدير الناحي	
	Sleep Medicine	طب أمراض النوم	
Audio Vestibular Medicine		الطب الدهليزي السمعي	

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Aviation Medicine		طب الطيران	
Cardiac Surgery	Pediatric Cardiac Surgery	جراحة القلب - أطفال	جراحة القلب
Cardiovascular Surgery		جراحة القلب والأوعية الدموية	
Cardiology	Adult Congenital Heart Disease	طب أمراض القلب الخلقية - بالغين	طب القلب
	Advanced Heart Failure and Transplant Cardiology	طب قصور القلب المتقدم وزراعة القلب	
	Cardiac Electrophysiology	طب كهرباء القلب	
	Interventional Cardiology	طب القلب التداخلي	
	Cardiac Stroke Medicine	طب السكتة القلبية	
Cardio-Thoracic Surgery	Congenital Cardiac Surgery	جراحة أمراض القلب الخلقية	جراحة القلب والصدر
Chemical Pathology (Clinical Biochemistry)	Metabolic Medicine	الطب الأيضي	علم الأمراض الكيميائي
Clinical Biochemical Genetics	Molecular Genetic Pathology	علم أمراض الوراثة الجزيئية	علم الوراثة البيوكيميائية السريرية
Clinical Genetic		علم الوراثة السريرية	
Clinical Genetics and Genomics	Clinical Informatics	المعلومات السريرية	علم الوراثة السريرية والجينوم
	Medical Biochemical Genetics	الوراثة البيوكيميائية الطبية	
	Molecular Genetic Pathology	علم أمراض الوراثة الجزيئية	
Clinical Hematology		أمراض الدم السريرية	
Clinical Neurophysiology		علم وظائف الأعضاء العصبي السريري	
Clinical Pathology	Blood Banking/Transfusion Medicine	علم بنك الدم ونقل الدم	علم الأمراض السريرية
	Chemical Pathology (Clinical Biochemistry)	علم الأمراض الكيميائي	
	Clinical Informatics	المعلومات السريرية	
	Cytopathology	علم أمراض الخلايا	

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Clinical Pathology	Dermatopathology	علم الأمراض الجلدية	علم الأمراض السريرية
	Forensic Pathology	علم الأمراض الجنائي	
	Hematopathology	علم أمراض الدم	
	Medical Microbiology Pathology	علم الأحياء الدقيقة	
	Molecular Genetic Pathology	علم أمراض الوراثة الجزيئية	
	Neuropathology	علم أمراض الأعصاب	
	Pediatric Pathology	علم الأمراض - أطفال	
Clinical Pharmacology and Therapeutics	Pharmaceutical Stroke Medicine	طب السكتة الدوائي	الصيدلة السريرية والعلاجية
Colon And Rectal Surgery		جراحة القولون والمستقيم	
Community Medicine		طب المجتمع	
Community Sexual and Reproductive Health (Clinical)		طب الصحة المجتمعية الجنسية والإنجابية (السريري)	
Critical Care Medicine	Pediatric Intensive Care Medicine	طب العناية المركزة - أطفال	طب العناية المركزة
	Surgical Critical Care	العناية المركزة الجراحية	
Dermatology	Dermatopathology	علم الأمراض الجلدية	طب الجلدية
	Micrographic Dermatologic Surgery	الجراحة الجلدية الدقيقة	
	Pediatric Dermatology	طب الأمراض الجلدية - أطفال	
Diagnostic Radiology	Forensic Radiology	الأشعة الجنائية	الأشعة التشخيصية
	Neuroradiology	التصوير الإشعاعي العصبي	
	Nuclear Radiology	الأشعة النووية	
	Pediatric Radiology	أشعة أطفال	
	Breast Imaging	تصوير الثدي	
	Cardiovascular Imaging	تصوير القلب والأوعية الدموية	

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Diagnostic Radiology	Medical Imaging Informatics	التصوير الطبي المعلوماتي	الأشعة التشخيصية
	Abdominal Radiology	أشعة البطن	
	Cardiothoracic Radiology	أشعة القلب والصدر	
	Interventional Neuroradiology	الأشعة العصبية التداخلية	
	Interventional Radiology	الأشعة التداخلية	
	Musculoskeletal Radiology	أشعة الجهاز العضلي الهيكلي	
	Vascular And Interventional Radiology	أشعة الأوعية الدموية التداخلية	
Emergency Medicine	Anesthesiology Critical Care Medicine	طب التخدير والعناية المركزة	طب الطوارئ
	Aviation Medicine	طب الطيران	
	Clinical Informatics	المعلومات السريرية	
	Clinical Pharmacology and Toxicology	علم السموم والصيدلة السريرية	
	Emergency Medical Services	خدمات الطوارئ الطبية	
	Hospice and Palliative Medicine	طب العلاج التلطيفي والتسكيني	
	Internal Medicine-Critical Care Medicine	طب الأمراض الباطنية - العناية المركزة	
	Medical Toxicology	طب علم السموم	
	Neurocritical Care	طب العناية المركزة - أعصاب	
	Pain Medicine	طب الألم	
	Pediatric Emergency Medicine	طب الطوارئ - أطفال	
	Pre-hospital Emergency Medicine	طب طوارئ ما قبل الإدخال للمستشفى	
	Sports Medicine	الطب الرياضي	
	Undersea and Hyperbaric Medicine	طب الأعماق والعلاج بالأكسجين المضغوط	
Endocrinology	Pediatric Endocrinology	الغدد الصماء - أطفال	الغدد الصماء

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Family Medicine	Adolescent Medicine	طب المراهقة	طب الأسرة
	Clinical Informatics	المعلومات السريرية	
	Geriatric Medicine	طب الشيخوخة	
	Hospice And Palliative Medicine	طب العلاج التلطيفي والتسكيني	
	Occupational Medicine	الطب المهني	
	Pain Medicine	طب الألم	
	Sleep Medicine	طب أمراض النوم	
	Sports Medicine	الطب الرياضي	
Forensic Medicine			الطب الجنائي
Gastroenterology	Hepatology	أمراض الكبد	طب الجهاز الهضمي
Gastroenterology & Hepatology			طب الجهاز الهضمي والكبد
General Surgery	Colon And Rectal Surgery	جراحة القولون والمستقيم	الجراحة العامة
	Complex General Surgical Oncology	الجراحة العامة المعقدة للأورام	
	Female Pelvic Medicine and Reconstructive Surgery	جراحة الحوض والجراحات الترميمية- نساء	
	Gastrointestinal Surgery	جراحة الجهاز الهضمي	
	Hand Surgery	جراحة اليد	
	Hospice And Palliative Medicine	طب العلاج التلطيفي والتسكيني	
	Surgical Critical Care	العناية المركزة الجراحية	
	Surgical Oncology	جراحة الأورام	
	Thoracic Surgery	جراحة الصدر	
	Visceral Surgery	جراحة الأحشاء	

Main Specialty	Sub-Specialty	التخصص الفرعي	التخصص الرئيسي
Genito-Urinary Medicine		طب الأمراض التناسلية البولية	
Geriatric Medicine	Stroke Medicine	طب السكتة الدماغية	طب الشيخوخة
Gynecology		طب النساء	
Immunology		علم المناعة السريرية	
Infectious Diseases		الأمراض المعدية	
Internal Medicine	Acute Medicine	الطب الحاد	طب الأمراض الباطنية
	Adolescent Medicine	طب المراهقة	
	Adult Congenital Heart Disease	طب أمراض القلب الخلقية - بالغين	
	Advanced Heart Failure and Transplant Cardiology	طب قصور القلب المتقدم وزراعة القلب

	Surgical Critical Care	العناية المركزة الجراحية	

Chapter 2

DENTISTS

DENTISTS

9. Requirements and Considerations

9.1 Dentists Licensure Requirements

Dentists applying for licensure must fulfill the following requirements:

- 9.1.1 Must hold one of the below degrees accredited by the concerned issuing authority of that country.
 - 9.1.1.1 BDS (Bachelor of Dental Surgery).
 - 9.1.1.2 DMD (Doctor of Dental Medicine).
 - 9.1.1.3 DDS (Doctor of Dental Surgery).
 - 9.1.1.4 The equivalent from a nationally accredited dental school/college.
- 9.1.2 For UAE graduates, the program and university must be accredited by the Ministry of Education (MOE/NQC).
- 9.1.3 All dentists are required to complete **one (1) year i.e. 12 months** internship post-graduation.
- 9.1.4 Applicants must hold a valid License/Registration to practice in their home country and/or country of last employment (where applicable).
- 9.1.5 Applicants accepted into the Authorities' approved residency programs will be granted the licensure title as "Resident."
- 9.1.6 A recognized Dental Specialty certificate - listed in this PQR- will be accepted after completing one of the following full-time programs:
 - 9.1.6.1 Clinical residency program of a minimum of **three (3) years** course duration.
 - 9.1.6.2 Clinical Master degree of a minimum **two (2) years** course duration.
 - 9.1.6.3 Clinical Ph.D. of a minimum **three (3) years** course duration.
- 9.1.7 Qualifications not listed in this document may be evaluated and reviewed by the PQR committee provided that they meet the criteria mentioned above (9.1.6).
- 9.1.8 Specialists with Tier 1 or 2 qualifications are not required to have experience post qualification in the specialty field if the qualification has been obtained within the recent **two (2) years**.
- 9.1.9 Applicants with specialization qualification in any Dentistry recognized specialty but do not have any experience per the criteria may be accepted as General Dentists, apart from qualifications in Dental Radiology, Forensic Dentistry, Dental Pathology, or Maxillofacial Surgery.

9.2 Special Considerations

9.2.1 Experience

- 9.2.1.1 UAE nationals and Children of Emirati Women:
 - 9.2.1.1.1 Are not required to have clinical experience to obtain the title of a General Dentist within **two (2) years** from completing the internship (Children of Emirati Women must submit a copy of the birth certificate and the mother's Family book).
 - 9.2.1.1.2 Specialists with Tier 3 qualifications require at least **one (1) year** of experience post qualification in the specialty field.
- 9.2.1.2 Non-UAE Nationals:
 - 9.2.1.2.1 Graduates from UAE universities: are exempted from experience to obtain the title of a General Dentist within **two (2) years** from completing the internship.
 - 9.2.1.2.2 Graduates from non-UAE universities: are required to fulfill experience as per their relevant titles according to the PQR.

10. 10. Qualification and Experience Requirements for Dentist Licensure

Category	Qualifications	Experience		
Intern	Successful completion of five (5) years course duration dental program (BDS/ DMD/DDS) Or Equivalent recognized by MOE/NQC	No experience required*		
Resident	Successful completion of five (5) years course duration dental program (BDS/ DMD/DDS) Or equivalent recognized by MOE/NQC	Successful completion of the internship program And Additional requirements as per the relevant Authority's residency standards		
General Dentist	BDS, DMD, DDS, or equivalent	Successful completion of the internship program And Two (2) years of clinical experience		
Specialist	BDS, DMD, DDS, or equivalent And Completion of specialty qualification as per the "Recognized Dental Specialty Certificates" table	Tier 1	Tier 2	Tier 3 ¹
		No Experience Required*	No Experience Required*	UAE nationals and Children of Emirati Women: One (1) year of experience post qualification Non-UAE nationals: Three (3) years of experience post-qualification
Consultant	BDS, DMD, DDS, or equivalent And Completion of specialty qualification as per the "Recognized Dental Specialty Certificates" table	Two (2) years of experience post-qualification	Five (5) years of experience post-qualification	Cannot attain the title ²

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

¹Note: Graduates of UAE Dental Universities are exempted from the required experience for the title of Specialist.

²Note: Dentists enrolled in a recognized Tier 3 program before June 2017 may apply for the title of consultant providing the below criteria are met:

1. Practicing as a licensed Specialist for ten (10) years in a multi-disciplinary setting where at least one consultant is available to guide and oversee the practice in the specialty field.
2. Providing Good Standing Certificate for the experience period.
3. Does not have a malpractice or disciplinary actions in the past five (5) years.
4. Has two (2) publications in peer reviewed journals in the specialty field OR one (1) publication and two (2) clinical audits in the specialty field OR four (4) presentations in local/ international conference.
5. Provide recommendation letters addressed by both, the medical director of the Health Facility as well as a Consultant who the applicant has worked alongside within the same unit.
6. Pass the oral examination as a "Consultant".

11. Recognized Dental Specialty Certificates

Country	Tier 1	Tier 2	Tier 3
Algeria			Certificate of Specialization
Arab Countries		Board certificate issued by the Arab Board for Medical Specialties	
Argentina			Specialization certificate issued by a university with specialist registration
Armenia			Diploma qualifying as a medical specialist in one of the medical specialties (minimum three (3) years course duration)
			Candidate (PhD)
Australia	Fellowship of the Royal College/Colleges Note: Fellowship should be by Exam , not by endorsement or election.		Clinical master's degree
			Doctor of Clinical Dentistry
			Membership of the Royal Australasian College of Dental Surgeons
Austria		Postgraduate studies certificate	Clinical master's degree
Azerbaijan			Clinical Ordinatura (Minimum three (3) years course duration - not including the internship)
			Clinical Masters
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
Bangladesh			Fellow of the Bangladesh College of Physicians & Surgeons Note: Fellowship should be by Exam , not by endorsement or election
			Master of Surgery (MS)
Belarus			клиническая ординатура / Clinical Ordinatura (Minimum three (3) years course duration - not including the internship)
			Clinical Masters
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)

Country	Tier 1	Tier 2	Tier 3
Belgium		Specialization certificate issued by a Belgian University in Orthodontics and Periodontics	Clinical master's degree
Bosnia & Herzegovina			Specialization certificate issued by a university
Brazil			Masters in one of dental specialties and Registration from Conselho Federal de Odontologia (CFO)
Bulgaria			Evidence of successful completion of the State Exam in Orthodontics/Oral Surgery/Pediatric Dentistry/Periodontics/Prosthodontics/Endodontic
Canada	Evidence of passing the National Dental Specialist Examination (NDSE)		Evidence of successful completion of a university-based clinical residency program accredited by the Commission of Dental Accreditation of Canada (For UAE national only)
	Fellowship of The Royal College of Dentists of Canada (FRCDC)		Clinical master's degree
Chile			Complete specialty program in a university (minimum two (2) years course duration) and obtaining Professional Title of Specialist
China			Master of Stomatological Medicine
Colombia			"Titulo De Especialista" issued by a university with specialist registration
Croatia			Certificate from Zagreb or Rijeka University in Orthodontics/Oral Surgery/Pediatric Dentistry/Periodontics/Prosthodontics/Restorative Dentistry And Registration from Croatian Dental Chamber with Specialist Title issued by the Ministry of Health
Czech Republic			Orthodontics: Attestation in Maxillo-facial orthopedics Diplom o specializaci (voboruortodoncie) And Registration in the Czech Republic Dental Chamber

Country	Tier 1	Tier 2	Tier 3
Czech Republic			<p>Oral Surgery: Attestation in oral and maxillofacial surgery Diplom Specializaci (vororuoralni a maxilofacialniChirurgie)</p> <p>And</p> <p>Registration in the Czech Republic Dental Chamber</p>
Denmark		Specialist Certificate in Maxillofacial Oral Surgery issued by the State Board of Health (only for five (5) years course duration)	Master's degree and Certificate awarding the right to use the specialty title issued by Sundhedsstyrelsen (State Board of Health)
		Specialist Certificate in Orthodontics issued by the State Board of Health (minimum three (3) years course duration)	
Egypt		MD in Dentistry	Master in one of the dental specialties
Estonia			Degree of Specialist in Orthodontics
			Specialist in Oral Maxillofacial Surgery issued by a university and registration with Healthcare Board or Dental Council
Finland		Specialist Certificate in Orthodontics or Oral Surgery	Clinical master's degree
France		Certificat d'études spécialisées (CES) issued by a French University in one of the dental specialties	Diploma d'Universitees (DU) (Title of specialist issued by accredit universities from Order National Des Chirurgiens-Dentistes)
		Orthodontics - "diplôme d'études spécialisées d'orthopédie dento-faciale". The professional title is: "chirurgien-dentiste spécialiste qualifié en orthopédie dento-faciale"	
		Oral Surgery: "diplôme d'études spécialisées en chirurgie orale". The professional title is: "chirurgien- dentiste spécialiste qualifié en chirurgie orale"	Diplôme Interuniversitaire de Spécialité (DIS) (Interuniversity Diploma of Dental specialty)
		Oral Medicine: "diplôme d'études spécialisées en médecine bucco-dentaire". The professional title is: "chirurgien-dentiste spécialiste qualifié en médecine bucco-dentaire"	

Country	Tier 1	Tier 2	Tier 3
Germany		Orthodontics: “Fachzahnarztlicheanerkennung fur Kieferorthoadie“ issued by “Landeszahnarztekammern”	Clinical master’s degree
		Oral Surgery: “Fachzahnarztlicheanerkennung fur Oralchirurgie/Mundchirurgie“ issued by “Landeszahnarztekammern”	
		Periodontics: Certificate of Periodontics issued by ZahnarztekammerWestfalen-Lippe	
Greece			Postgraduate program degree in one of the specialties
Hong Kong			Fellow of the College of Dental Surgeons of Hong Kong
			Master of Dental Surgery in one of the dental specialties from a recognized university
Hungary			University Certificate in: Orthodontics, with the title: Fogszabalyozo szakorovs Periodontology, with the title: Parodontologus Pediatric Dentistry, with the title: Gyermekfogorvos
India			Master of Dental Surgery (MDS)
Iran			Iranian Specialty Certificate issued by the Iranian Ministry of Health
Iraq			Master’s degree in one of the dental specialties
Ireland	Certificate of Completion Specialist Training by the Ireland Dental Council (CCST) And Inclusion on the Irish Dental Council Specialist Register		Fellowship of the Faculty of Dental Surgery of the Royal College of Surgeons in Ireland in one of the dental specialties
			Clinical master’s degree

Country	Tier 1	Tier 2	Tier 3
Italy			University Certificate: “Orthodontics: Diploma di Specializzazione in “Ortognatodonzia”
			Oral Surgery: Diploma di Specializzazione in “Chirurgia Odontostomatologica”
Japan			Clinical Ph.D. (minimum two (2) years course duration)
Jordan		Jordan Medical Board for programs that are no less than (3) years course duration	Jordan Medical Board And Registration at Jordan Dental Association
			Master in one of the dental specialties
Kazakhstan			клиническая ординатура / Clinical Ordinatura (Minimum three (3) years course duration — not including the internship)
			Clinical Masters
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
Kingdom of Saudi Arabia		Saudi Specialty Certificate issued by the Saudi Commission for Health Specialties	Clinical master's degree
Lebanon		Certificate of completion of residency or specialization certificate and exit exam from American University of Beirut	Dental master's degree
			Diplôme d'études spécialisées (DES) or Certificat d'études spécialisées (CES)
			Diplôme d'Etude Supérieure Spécialisée (DESS)
Latvia			Certificate Issued by “The Riga Stradins University's Faculty of Stomatology
Lithuania			Certificate Issued by “The Kaunas University of Medicine” or “The University of Vilnius”

Country	Tier 1	Tier 2	Tier 3
Luxemburg			Master's degree in one of the dental specialties
Macedonia			Master (magister) in one of the dental specialties
			Doctorate (Doktor na nauiki) in one of the dental specialties
Malaysia			Master's degree recognized by the National Specialist Register of Malaysian Dental Council
Malta			Master's degree in one of the dental specialties
Mexico			Master's or specialist degree in one of the dental specialties
Moldova			Doctoral degree in one of the dental specialties
Montenegro			Magister Nauka
			Doctor Nauka
Morocco			Master or Doctorate degree in one of the dental specialties
Nepal			MDS degree with Nepal Medical Council specialty registration
Netherlands		Specialization Certificate issued by the Specialist Registration Board (SRC) in: Orthodontics: Getuigschrift van erkenning en inschrijving als orthodontis in het specialistenregister	Clinical master's degree
		Oral and Maxillo-Facial Surgery: Getuigschrift van erkenning en inschrijving als Kaakchirurg in het specialistenregister	
New Zealand	Fellowship of the Royal Australasian College of Dental Surgeons		Clinical master's degree
			Doctor of Clinical Dentistry
			Membership of the Royal Australasian College of Dental Surgeons

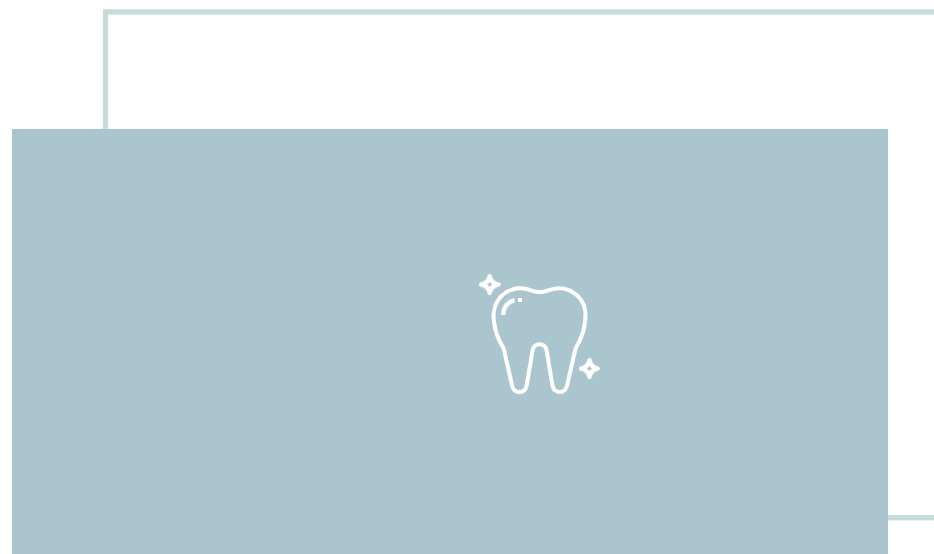

Country	Tier 1	Tier 2	Tier 3
Nigeria			Fellowships of the National Postgraduate Medical College of Nigeria
Norway			Certificate Issued by “Oslo” or “Bergen” University And Registration in the Specialist Registration Committee of the Norwegian Dental Association
Oman		Oman Medical Specialty Board certificate issued by the Ministry of Health	Clinical master’s degree
Pakistan			Fellowship of the College of Physicians and Surgeons (F.C.P.S.)
			Clinical master’s degree
Philippines			Philippine Board
Poland			Evidence of registration as a Specialist by the Medical Centre for Postgraduate Training And Voivodeship centers for postgraduate training
Portugal			University Certificate in: Orthodontics: EspecialistaemOrtodontia And Must be registered with the Ordem dos Medicos Dentistas
			Oral Surgery: EspecialistaemCirurgia Oral (Oral Surgery) And Must be registered with the Ordem dos Medicos Dentistas
Romania			Certificat de specialistissuedfrom Ministerul Sănătății Publici And Registration with Colegiul Medicilor Stomatologi Din Romania (CMSR)

Country	Tier 1	Tier 2	Tier 3
Russia			клиническая ординатура / Clinical Ordinatura (Minimum three (3) years course duration - not including the internship)
			Clinical Master
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
Serbia			Specialty certificate issued by a Serbian University and membership of the dental chamber
Singapore		Master of Dental Surgery issued by the Dental Specialist Accreditation Board	
Sri Lanka			Board Certification issued by PGIM (Postgraduate Institute of Medicine)
Slovakia			Certificate of specialization in: Orthodontics (CelustynOrtoped)
			Maxillofacial Surgeon (Maxilofacialny Chirurg)
			Pediatric dentistry (Pedostomatolog)
Slovenia			Certificate of successful completion of the specialist exam issued by Medical Chamber of Slovenia
South Korea	Completion of three (3) years residency program in the specialty area - post the internship And License as a specialist awarded by the Ministry for Health, Welfare and Family Affairs		Clinical master's degree
South Africa	Fellowship Certificate issued by the College of Dentistry of South Africa And Registration with the Healthcare Professions Council of South Africa (HPCSA)		Clinical master's degree
	MChD Degree (Master of Dentistry) And Registration with HPCSA		

Country	Tier 1	Tier 2	Tier 3
Spain		Master's degree in one of the specialties with specialist registration	
Sudan			Clinical MD in any dental specialty issued by Sudan Medical Specialization Board
			MSc in any dental specialty (minimum three (3) years course duration) issued by Khartoum University
Sweden		Certificate issued by the Swedish Board of National Health and Welfare (Training program must be conducted in Sweden)	Clinical master's degree
Switzerland		Specialty certificate recognized by Schweizerische Zahnärzte-Gesellschaft (SSO)	Clinical master's degree
		Fachzahnarzt anerkennung	
Syria			Higher Study Diploma Certificate issued by Ministry of Higher Education (دبلوم الدراسات العليا)
			Syrian Specialization Certificate issued by the Specialist Training and Rehabilitation Authority (شهادة الاختصاص)
			Master's degree in one of the dental specialties
			Dental Syrian Board with evidence of residency program
Tajikistan			Clinical Ordinators (Minimum three (3) years course duration - not including the internship)
			Clinical Master
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
Tunisia			Specialty Certificate issued by the Ministry of Higher Education and Research

Country	Tier 1	Tier 2	Tier 3
Turkey			Doctor of science in one of the recognized specialties from a Doctorate Program
Ukraine			клиническая ординатура/ Clinical Ordinatora (Minimum 3 years course duration - not including the internship)
			Clinical Master
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)
United Arab Emirates			Clinical Master program accredited by MOE/NQC and recognized by Authorities in the UAE
United Kingdom	Certificate of Completion of Specialist Training (CCST) And Inclusion in the Specialist Registry of the General Dental Council (UAE nationals may attain the title if completion of training certificate is obtained)		Membership/Fellowship of the Royal College of Surgeons in one of the dental specialties
			Intercollegiate Specialty fellowship
			Clinical master's degree
United States of America	American Board Approved by the National Commission on Recognition of Dental Specialties and Certifying Bodies		Evidence of successful completion of a university-based clinical residency program accredited by the American Dental Association (for UAE national only)
			Clinical master's degree
			Certificate of Advanced Graduate Study in one of accepted dental specialties (minimum two (2) years course duration for nonsurgical specialties and three (3) years for surgical specialties)
Uzbekistan			Clinical Ordinatora (Minimum 3 years course duration - not including the internship)
			Clinical Master
			Candidate of Science (Kandidat Nauk)
			Doctor of Science (Doktor Nauk)

Country	Tier 1	Tier 2	Tier 3
Venezuela			Completion of a university specialization degree And Registration issued by the Colegio de Odontolgos
West Africa			Fellowship of West African College of Surgeons (FWACS)
Yemen			Clinical master's degree in one of the dental specialties issued by a Yemeni University

12. Recognized Specialties Titles for Licensing

Specialty Licensing Titles	التخصص الرئيسي
Conservative Dentistry	طب الأسنان التحفظي
Endodontics	المعالجة اللبية
Dental pathology	طب علم أمراض الفم والأسنان
Dental Radiology	أشعة الاسنان
Forensic Odontology	طب الأسنان الجنائي
Oral and Maxillofacial Surgery	جراحة الفم والوجه والفكين
Oral Medicine	طب الفم
Oral Surgery	جراحة الفم
Orthodontics	تقويم الأسنان
Pediatric Dentistry	طب أسنان الأطفال
Periodontics	أمراض اللثة
Primary Care Dentistry	طب الرعاية الأولية للأسنان
Prosthodontics	التعويضات السنية
Public Health Dentistry	أسنان-طب الصحة العامة
Restorative Dentistry	طب الأسنان الترميمي
Special Care Dentistry	طب أسنان الحالات الخاصة

Implantology: is not a recognized dental specialty, however, it is a branch of dental practice pertaining to the restoration and maintenance of oral function. Implantology privilege will be granted to licensed dentists according to each Authority Implantology standards that applied at the time of enrolling in the Implantology training program. Chapter **3**

Nurses And Midwives

13. Requirements and Considerations

13.1 Nurses and Midwives Licensure Requirements

Nurses and Midwives applying for licensure must fulfill the following requirements:

- 13.1.1 Must be graduates from National and/or International recognized Nursing college/University.
- 13.1.2 For UAE graduates, the program and university must be accredited by the Ministry of Education (MOE/NQC).
- 13.1.3 Qualifications acquired through honorary nature, correspondence, or distance-learning are not counted towards the PQR requirements.
- 13.1.4 The required bachelor's degree must be a minimum of **three (3) years** full-time course duration.
- 13.1.5 **UAE National and Children of Emirati Women** graduates of UAE or non-UAE universities are exempted from the experience and clinical training requirements for the applied title (Children of Emirati Women must submit a copy of their birth certificate and the mother's family book).
- 13.1.6 **Non-UAE national graduates from UAE universities** are required to successfully complete **six (6) months** clinical training post-graduation in an APS health facility (except for Registered & Assistant Nurse titles).
- 13.1.7 **GCC nationals** are required to complete **six (6) months** clinical training post-graduation in an APS health facility (except for Registered & Assistant Nurse titles).
- 13.1.8 Applicants must hold a valid License/Registration to practice in their home country and/or country of last employment (where applicable).
- 13.1.9 Experience as a school nurse is accepted for the titles Registered Nurse and Assistant Nurse, provided that the healthcare facility ensures these nurses meet the minimum skills and competencies required for the respective title (Registered Nurse / Assistant Nurse).
- 13.1.10 Assistant Nurses and Assistant Midwives cannot work independently and shall work under a Registered Nurse or Registered Midwife.
- 13.1.11 Nurses and Midwives must hold a minimum of a valid Basic Life Support (BLS) Certification or others according to the scope of practice.
- 13.1.12 The academic transcript must be submitted for credentialing purposes in which determination of disciplines shall be applied.
- 13.1.13 A clinical trainer accredited by one of the academically recognized bodies in the country will be granted a license to practice the profession of nursing, provided that he/she is registered with an Authority and in accordance with the criteria set by it and in a manner that does not conflict with Cabinet Resolution No. 20 of 2017.
- 13.1.14 Nurses qualified with a Bachelor's Degree in nursing but are licensed as "Assistant Nurse" may apply for a title upgrade, provided that their experience as an assistant nurse has not exceeded five (5) years.

13.1.15 In addition to the titles that do not require experience; Nurses and Midwives with a valid license/registration issued by the countries listed in the table below are exempted from the required experience, provided that the applicants fulfill the following:

13.1.15.1 The qualification was obtained within the recent **two (2) years** OR there is no Gap of Practice since the last day of employment.

13.1.15.2 Submit a valid Good Standing Certificate.

13.1.15.3 Complete the Primary Source Verification on qualifications, experience, and license/registration documents.

13.1.15.4 Provide one of the below proof of English language proficiency if the healthcare professional did not complete the university studies in English or if his/her license is issued by a non-English speaking country as mentioned in the list above.

- TOEFL score of not less than 500 or equivalent
- IELTS score of not less than 5.0
- Occupational English Test (OET) of not less than C
- Cambridge Assessment English score of not less than 169

14. Qualification and Experience Requirements for Nursing Licensure

Category	Qualifications	Experience
Registered Nurse ممرض مسجل	Bachelor's degree in nursing	No experience required*
Assistant Nurse مساعد ممرض	Diploma of Nursing not less than eighteen (18) months course duration	No experience required*
Nurse Practitioner ممرض ممارس	Fulfill the requirements of Registered Nurse And Completion of a Clinical Master/Doctoral degree in nursing Or equivalent qualification in: <ul style="list-style-type: none"> • Pharmacology for prescribing drugs as a nurse practitioner • Differential diagnosis, ordering, and interpretation of diagnostic tests (Radiological and pathological tests) • Advanced Health Assessment 	Two (2) years of experience post qualification as a Nurse Practitioner
	Fulfill the requirements of Registered Nurse And National Certification or license as a Nurse Practitioner	
Specialty Nurse ممرض مختص	Qualification as Registered Nurse And Clinical Master's degree or post graduate clinical nursing specialty qualification in one of the nursing specialties (minimum of one (1) year course duration)	One (1) year of experience post qualification in the related specialty field
	Bachelor's degree in one of the nursing specialties (minimum three (3) years course duration)	Two (2) years of experience post qualification in the related field

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

15. Recognized Specialty Titles for Nursing Licensure

Category	مسمى التخصص
Adult Health Care Nurse	ممرض العناية بصحة البالغين
Anesthesia Nurse	ممرض تخدير
Cardiovascular Nurse	ممرض القلب والاعوية الدموية
Clinical Informatics Nurse	ممرض معلومات سريرية
Community Health Nurse	ممرض رعاية صحة المجتمع
Critical Care Nurse	ممرض العناية المركزة
Diabetic Foot Nurse	ممرض العناية بالقدم السكرية
Diabetic Health Nurse	ممرض العناية بمرضى السكري
Emergency Nurse	ممرض الطوارئ
Infection Prevention Nurse	ممرض مكافحة العدوى
Maternal Health Nurse	ممرض صحة الام
Mental Health Nurse	ممرض الصحة النفسية
Neonatal Nurse	ممرض حديثي الولادة
Neonatology Critical Care Nurse	ممرض العناية المركزة لحديثي الولادة
Oncology Nurse	ممرض الاورام
Palliative Care Nurse	ممرض العلاج التلطيفي
Pediatric Nurse	ممرض اطفال
Pediatric Critical Care Nurse	ممرض العناية المركزة للأطفال
Wound Care Nurse	ممرض العناية بالجروح

Authorities can grant specialization privileges approval on the license of Registered Nurse with experience in one of the specialties mentioned above for a period of no less than **four (4) years**.

16. Qualification and Experience Requirements for Midwifery Licensure

Title	Qualifications	Experience
Registered Midwife قابلة مسجلة	<p>Bachelor's degree in Midwifery or equivalent qualification in Midwifery (minimum three (3) years course duration)</p> <p>BSc in Nursing or equivalent (minimum three (3) years course duration) And Midwifery Certificate (minimum one (1) year course duration)</p>	<p>Two (2) years of experience post qualification as a Midwife in a maternity hospital or related setting</p>
Midwife Practitioner قابلة ممارسة	<p>Fulfill the requirements of Registered Midwife. And completing one of the following postgraduate qualifications: Clinical Master in Midwife Practitioner not less than 1 year that includes supervised clinical practice for advanced midwifery Practitioner (Or) Doctoral degree in Midwife Practitioner that includes supervised clinical practice for advanced midwifery</p>	<p>Two (2) years of experience post qualification as a Midwife in a maternity hospital or related setting</p>

Chapter 4

Allied Healthcare Professionals

17. Requirements and Considerations

17.1 Allied Healthcare Professionals Requirements

Allied Healthcare professionals applying for licensure must fulfill the following requirements:

- 17.1.1 Must be graduates from National and/or International recognized colleges/universities.
- 17.1.2 For UAE graduates, the program and university must be accredited by the Ministry of Education (MOE/NQC).
- 17.1.3 A qualifications can be considered acceptable for the required title if it has been equalized by the Ministry of Education (MOE) or the Commission for Academic Accreditation (CAA) as equivalent to the qualification listed in this PQR
- 17.1.4 Higher diploma certificates issued by The Higher Colleges of Technology in the UAE will be equivalent to a bachelor's degree as per MOE standard.
- 17.1.5 Required Bachelor's degree must be a minimum of **three (3) years** full-time course duration.
- 17.1.6 Required Master's or postgraduate qualifications must be a minimum of **two (2) years** full-time course duration. **One (1) year** duration program can be accepted if attained from one of the following countries Austria, Australia, Belgium, Canada, Denmark, Finland, France, Germany, Iceland, Ireland, Luxembourg, Netherland, New Zealand, Norway, Singapore, South Africa, Sweden, Switzerland, United Kingdom, and the United States of America.
- 17.1.7 Master/Ph.D. (In the area of specialty) will reduce **one (1) year** from the required experience for licensing provided that the Master's/Ph.D. a degree is not mandatory to obtain the selected title.
- 17.1.8 **UAE National and Children of Emirati Women** allied healthcare graduates of UAE or non-UAE universities are exempted from the experience and clinical training requirements for the applied title (Children of Emirati Women must submit a copy of their birth certificate and the mother's family book).
- 17.1.9 **Non-UAE national graduate** allied healthcare professionals from UAE universities must successfully complete **six (6) months** clinical training post-graduation in an APS health facility (except when no experience is required for the title).
- 17.1.10 **GCC nationals** are required to complete **six (6) months** clinical training post-graduation in an APS health facility (except when no experience is required for the title).
- 17.1.11 Qualifications acquired through honorary nature; correspondence, or distance-learning is not counted towards the PQR requirements.
- 17.1.12 Applicants must hold a valid License/Registration to practice in their home country and/or country of last employment (where applicable).
- 17.1.13 Assistant allied healthcare professionals cannot work independently and shall work under a licensed Allied Healthcare professional.
- 17.1.14 The academic transcript must be submitted for credentialing purposes in which determination of disciplines shall be applied.

17.1.15 In addition to the titles that do not require experience, Allied Healthcare Professionals with a valid license/registration issued by the countries listed in the table below are exempted from the required experience, provided that the applicants fulfill the following:

17.1.15.1 The qualification was obtained within the recent **two (2) years** OR there is no Gap of Practice since the last day of employment.

17.1.15.2 Submit a valid Good Standing Certificate.

17.1.15.3 Complete the Primary Source Verification on qualifications, experience, and license/registration documents.

17.1.15.4 Provide one of the below proof of English language proficiency if the healthcare professional did not complete the university studies in English or if his/her license is issued by a non-English speaking country as mentioned in the list above.

- TOEFL score of not less than 500 or equivalent
- IELTS score of not less than 0.5
- Occupational English Test (OET) of not less than C
- Cambridge Assessment English score of not less than 169

Country	
Austria	Luxemboug
Australia	Netherland
Belgium	New Zealand
Canada	Norway
Denmark	Singapore
Finland	South Africa
France	Sweden
Germany	Switzerland
Iceland	UK
Ireland	USA

18. Qualification and Experience Requirements for Allied Healthcare professionals

18.1 Aesthetic/Beauty Therapy

Title	Qualifications	Experience
Aesthetician فني تجميل	Diploma in Beauty Therapy or Cosmetics from a nationally accredited institute (minimum one (1) year course duration)	One (1) year experience post qualification in a related field

18.2 Allied Health Technology

Title	Qualifications	Experience
Allied Health Technologist (emphasis area) تقني المهن الصحية (المعاونة (مجال التخصص)	Bachelor in allied health science with emphasis training in one of the following areas: <ul style="list-style-type: none"> ○ Endoscopy ○ Urology 	Two (2) years' experience post qualification in related field
Allied Health Technician (emphasis area) فني المهن الصحية (المعاونة (مجال التخصص)	Diploma (Minimum two (2) years course duration) in allied health science with emphasis training in one of the following areas: <ul style="list-style-type: none"> ○ Endoscopy ○ Urology 	Two (2) years' experience post qualification in related field

18.3 Anesthesia

Title	Qualifications	Experience
Anesthesia Technologist تقني تخدير	Bachelor's degree or equivalent in Anesthesia technology	Two (2) years of experience post qualification in related field
	Bachelor's degree in nursing (or equivalent) or bachelor's degree in respiratory therapy (or equivalent) And Completion of post-graduate anesthesia certification from a nationally recognized program	
Anesthesia Technician فني تخدير	Anesthesia Technician Program (minimum two (2) years course duration) from nationally recognized institution/college	Two (2) years of experience post qualification in related field

18.4 Assisted Reproductive Technology (ART)

Title	Qualifications	Experience*
Embryologist	Bachelor's degree in Medical Laboratory Science/Health Sciences/Applied Science, Biology/Zoology And Master's degree in human Assisted reproductive technologies	<ul style="list-style-type: none"> Two (2) years of experience post qualification in related field One (1) year of experience is sufficient for UAE nationals and children of Emirati Women
تقني علم الأجنة Also Known as IVF Technologist	Bachelor's degree in Medical Laboratory Science/Health Sciences Or Bachelor's degree in applied science/Biology/Zoology with emphasis on Human Embryology	<ul style="list-style-type: none"> All graduates: Five (5) years of experience post qualification in related field. UAE graduates: Two (2) years of experience post qualification in related field.

18.4.1 Applied Science includes the following:

Applied Sciences
Cell Biology
Developmental Biology
Embryology
Human Reproductive Biology

18.5 Audiology

Title	Qualification	Experience
Audiologist تقني سمعيات	Bachelor of Science (BSc) in Audiology/BSc in Speech and Hearing/Direct entry master's degree in Audiology	Two (2) years of experience post qualification in the field of Audiology Sciences in a hospital, clinic, or rehabilitation setting
	BSc in Speech-Language Pathology, Speech Sciences or Communications Disorders Sciences And Master's degree in Audiology	One (1) year of experience post qualification in the field of Audiology Sciences in a hospital, clinic, or rehabilitation setting
Audiology Assistant مساعد تقني سمعيات	Two (2) years diploma in Audiology	Two (2) years of experience post qualification in the field of Audiology Sciences in a hospital, clinic, or rehabilitation setting

18.6 Cardiac Perfusion

Title	Qualifications	Experience
Cardiac Perfusionist تقني إرواء القلب	Bachelor's degree in Cardiac Perfusion	Two (2) years' practical experience post qualification in related field in health setting
	Bachelor's degree or diploma in one of the health Sciences majors And Post graduate diploma or certificate in perfusion technology (Minimum one (1) year course duration)	And Proof of performing hundred (100) clinical perfusions' procedures independently

18.7 Cardiovascular Technology

Title	Qualifications	Experience
Cardiovascular Technologist تقني القلب والأوعية الدموية	BSc degree in Cardiovascular program	Two (2) years of experience post certification in the related field
Cardiovascular Technician فني القلب والأوعية الدموية	Cardiovascular program (minimum two (2) years course duration)	Two (2) years of experience post certification in the related field
ECG Technician فني تخطيط القلب	Successful completion of one (1) year certificate in ECG program or diploma program in Medical Sciences or allied health with evidence of formal ECG training	Two (2) years of experience post certification in the related field

18.7.1 Cardiovascular Technologist/Technicians Licensing Titles

Licensing Titles	مسمى الترخيص
Catheterization Laboratory	قسطة القلب
ECG	تخطيط القلب
Echo cardiographer	تصوير القلب
Vascular	الأوعية الدموية

18.8 Cast Technology

Title	Qualifications	Experience
Cast Technician فني تجبيس	Higher Secondary School or its equivalent And Certificate of completion of relevant training course	Two (2) years of experience post certification in the related field

18.9 Central Sterile Services (CSS)

Title	Qualifications	Experience
CSS Technician فني تعقيم	Diploma in any health-related field (minimum two (2) years course duration)	Two (2) years of experience
	Associate degree in CSS technology (minimum two (2) years course duration)	One (1) year experience in the related field
	Certificate in any health-related field (minimum one (1) year course duration) with Certification as a member with one of the following: <ul style="list-style-type: none"> • Certification by the Board of Sterile Processing and Distribution (CBSPD) USA • Healthcare Sterile Processing Association (HSPA) - Formally known as International Association of Healthcare Central Services Material Management (IAHCSMM) 	
CSS Aide معاون فني تعقيم	Completion of Higher Secondary School	Six (6) months' experience in a related field

18.10 Clinical Dietetics and Nutrition

Title	Qualifications	Experience
Clinical Dietician تقني تغذية سريرية	Bachelor of Science in Dietetics	Two (2) years of experience post qualification in a related field in a health facility
	Bachelor's degree in health science with a major in Nutrition (Please see table below) And Post-graduate diploma or master in Dietetics	
Nutritionist تقني تغذية	Bachelor of Science in Nutrition/Public Health Nutrition	Two (2) years of experience post qualification in a related field

18.10.1 Examples of Equivalent Qualifications in Clinical Dietetics and Nutrition

Applied Sciences	Clinical Dietetics	Nutrition
Bachelor of Science in Dietetics	✓	
Bachelor of Science in Nutrition and Dietetics	✓	
Bachelor of Science in Clinical Nutrition and Dietetics	✓	
Bachelor of Science in Food and Nutrition		✓
Bachelor of Science in Nutrition		✓
Bachelor of Science in Nutrition and Food Technology		✓
Bachelor of Health Science (Major Nutrition)		✓
Bachelor of Arid land Agriculture/Food Nutrition from the UAE University (Faculty of Food Systems)		✓
Bachelor's in food science/food service systems management		✓

18.11 Dental Clinical Support

Title	Qualifications	Experience
Dental Assistant مساعد طبيب الأسنان	Qualification of Doctor of Dental Surgery (DDS), Doctor of Dental Medicine (DMD), or Bachelor of Dental Surgery (BDS)	No experience required*
	Diploma in Dental Assistant or Dental Nursing or Hygienist (minimum two (2) years course duration) or its equivalent certification	
	Bachelor or Diploma in Nursing	Six (6) months of experience in the field
Dental Hygienist فني صحة الأسنان	Completion of bachelor's degree in dental hygiene	Two (2) years of experience post qualification in a related field
	Completion of diploma in dental hygiene (minimum two (2) years course duration)	Four (4) years of experience post qualification in a related field
Dental Lab Technician فني معمل أسنان	BSc in Dental Laboratory Technology	Two (2) years of experience post qualification in a related field
	Completion of an accredited program in Dental Laboratory Technology (minimum two (2) years course duration)	Four (4) years of experience post qualification in a related field
Dental Laboratory Aide** معاون فني أسنان	Completion of Higher Secondary School (12 primary schools) And A certificate confirming on-job practical training	Two (2) years of experience post qualification in a related field

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

**Dental Laboratory Aide cannot work independently in a dental laboratory and cannot assist the dentist.

18.12 Electro-Neurodiagnostics

Title	Qualifications	Experience
Electro-Neurodiagnostics Technologist تقني التشخيص الكهرو عصبي	Bachelor's degree in the field of Applied Sciences majoring in Neurophysiology or Biophysics/Physiology or equivalent (minimum three (3) years course duration)	Two (2) years of experience post qualification in related field in the hospital setting
	Associate degree (minimum two (2) years course duration) from an accredited training program as Neurophysiology Technologist And Registration from one of the following bodies: <ul style="list-style-type: none"> • American Board of Registration of Electroencephalographic Technologists or equivalent. • American Board of Registration of Evoked Potential Technologists or equivalent. • American Association of Polysomnographic Technologists or equivalent. • The UK Registration Council for Clinical Neurophysiology • The Clinical Physiologist Registration Board of New Zealand • South African Registration as a Clinical Technologist 	
EEG Technician فني تخطيط كهربائية الدماغ	Completion of Secondary School or its equivalent And One (1) year accredited certification program	Two (2) years of experience post qualification in related field in the hospital setting

18.12.1 Electro-Neurodiagnostics Technologist Titles:

Licensing Titles	مسمى الترخيص
Electro- Neurodiagnostics	تقني التشخيص الكهرو عصبي
EEG	تقني تخطيط الدماغ
EMG	تقني تخطيط العضلات
Evoked Potential	تقني فحوصات الاستجابات المثارة
Polysomnographic	تقني دراسة اعتلال النوم

18.13 Emergency Medical Services

Title	Qualifications	Experience
Critical Care Paramedic (CCP) مسعف رعاية حرجة	Academic Qualification as advanced care paramedic And Post graduate diploma or masters degree in critical care paramedicine (minimum of one (1) year course duration) And Valid BLS, ACLS, PALS and Trauma certificate (PHTLS or ITLS)	Two (2) years' experience post qualification as critical care paramedic
Advanced Care Paramedic (ACP) مسعف رعاية متقدمة	Bachelor's degree in paramedicine / emergency medicine services (minimum of three (3) years course duration) and Valid BLS, ACLS, PALS and Trauma certificate (PHTLS or ITLS)	Two (2) years' experience post qualification as Advanced care paramedic
	Bachelor's degree in nursing And Advanced care paramedic bridging program or equivalent (minimum of eight (8) weeks or 500 hours course duration) And Valid BLS, ACLS, PALS and Trauma certificate (PHTLS or ITLS))	
Paramedic مسعف	Certificate in paramedicine / emergency medicine services / emergency and medical care / emergency and trauma care technology / trauma care / advanced assessment of trauma (minimum of two (2) academic years or 1500 hours course duration) And Valid BLS, ACLS, PALS and Trauma certificate (PHTLS or ITLS)	One (1) year experience post qualification as paramedic
	Bachelor's degree in nursing And Valid BLS, ACLS, PALS and Trauma certificate (PHTLS or ITLS)	

Title	Qualifications	Experience
Emergency Medical Technician (EMT) فني طب الطوارئ	Certificate in emergency medicine services (minimum of six (6) weeks course duration) Valid BLS and a Trauma certificate (PHTLS or ITLS)	One (1) year experience post qualification in a related field
	Academic Qualification as Assistant Nurse or Registered Nurse And Valid BLS and a Trauma certificate (PHTLS or ITLS)	
Emergency Medical Responder (EMR) مستجيب الطوارئ الطبي	Certificate in emergency medicine services / Emergency medical Responder (EMR) (minimum of four (4) weeks or 80 hours course duration) And Valid BLS	One (1) year experience post qualification in a related field

Note:

- In the Emirate of Dubai, EMS professionals are licensed by Dubai Corporation for Ambulance Services (DCAS)
- Emergency Medical Responders cannot work independently in an ambulance or be utilized to license the ambulance
- UAE nationals are required to complete 6 months of training to be eligible to apply for Advanced Care Paramedic (ACP) and Critical Care Paramedic (CCP)

18.14 Forensics Allied Health

Title	Qualifications	Experience
Mortuary Technologist تقني مشرحة	Bachelor in mortuary science or a related field	Two (2) years of experience in the related field of which one (1) year is as a Mortuary Technologist
Mortuary Technician فني مشرحة	Diploma in mortuary science or a related field	Two (2) years of experience in the related field of which one (1) year is as a Mortuary Technician
Mortuary Aide مساعد فني مشرحة	Completion of Higher Secondary School And A certificate confirming on-job practical training	Two (2) years of experience in a related field
Anthropologist Forensic مهني علم العظام الشرعي (الأنثروبولوجيا الجنائية)	Bachelor in Anthropology or equivalent And MSc in Forensic specialty	Two (2) years of experience in the related field of which one (1) year is as a Forensic Anthropologist
Forensic Anthropology Technician فني علم العظام الشرعي (الأنثروبولوجيا الجنائية)	Bachelor in Anthropology	Two (2) years of experience in the related field, of which one (1) year is as a Forensic Anthropology technician
Archeologist Forensic مهني علم التنقيب الشرعي (الاركيولوجيا الجنائية)	Bachelor in Archeology or Physiology or Anatomic studies	Two (2) years experience in related field of which one (1) year is as Forensic Archeologist
Forensic Entomology Technologist تقني طب شرعي - حشرات	Bachelor's Degree or equivalent (Minimum two (2) years course duration) in Forensic Entomology OR Forensic, biological, physical Anthropology	Two (2) years experience in related field of which one (1) year is as Entomology Technologist

18.15 Genetic Counseling

Title	Qualifications	Experience
Genetic Counselor مرشد الأمراض الوراثية	BSc in medical sciences, psychology, or healthcare-related field And MSc in Genetic Counseling	Two (2) years of experience post-MSc in a related field

18.16 Hair Transplant

Title	Qualifications	Experience
Hair Transplant Technician* فني زراعة شعر	BSc or Diploma (minimum three (3) years course duration) in allied health with an emphasis in hair transplant	Two (2) years of experience post qualification in a related field
	BSc degree in Nursing And A certificate confirming on-job practical training and indicates the following: <ul style="list-style-type: none"> • Training is conducted in a licensed hair transplant center • Training performed by licensed hair transplant surgeon • Number of cases performed per year (minimum of twenty (20) procedures/year) 	

*Hair Transplant Technician can only work under the direct supervision of a Plastic Surgeon or physician with Hair Transplant privilege according to each Authorities' standards.

18.17 Health Education

Title	Qualifications	Experience
Health educator* مهني تثقيف صحي	Bachelor's degree in any recognized health field mentioned in PQR And Postgraduate qualification in related Specialty Education Program with minimum twelve (12) months duration	Two (2) years of experience post qualification in health education
	Licensed Healthcare Professional by either of the Authorities And Postgraduate qualification in related Specialty Education Program with minimum twelve (12) months duration	No experience required**

*Health Education practice should be in the related field.

** for Health Educator in Lactation and Breast feeding: the basic qualification has to be in the following fields: Dentist, Dietician, Midwife , Nurse, Occupational Therapist, Pharmacist, Physical Therapist or Physiotherapist, Physician or Medical Doctor, Speech Pathologist or Therapist and Healthcare Assistant And the Postgraduate qualification certification has to be in the field of Lactation from a recognized lactation training program – with minimum of 50 hours of clinical training - (Example of certification: Completion Certificate of the International Board of Lactation from Consultant Examiners (IBLCE) as Lactation Consultant, Certified Breastfeeding Specialist (CBS) or another equivalent certificate)

***In compliance with the Discontinuity of Practice (Gap of Practice) criteria

18.18 Healthcare Assistant

Title	Qualifications	Experience
Healthcare Assistant مساعد صحي (Applicable only for UAE nationals and Children of Emirati women)	Certificate in Healthcare Assistant from one of UAE Educational Institutes that must be approved by NQC (program's duration not less than Two (2) years) And Valid Basic Life Support BLS	No experience is required post-graduation

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria.

18.19 Laser Hair Reduction Therapy

Title	Qualifications	Experience
Laser Hair Reduction Technician فني تخفيف شعر بالليزر	Licensed Healthcare Professional by either of the Authorities as a Registered Nurse, Assistant Nurse or Beauty Therapist And Successful completion of an accredited Laser training course for hair reduction with evidence of ten (10) hands-on training cases	No experience required*
	Academic qualification as a Registered Nurse, Assistant Nurse or Beauty Therapist And Successful completion of an accredited Laser training course for hair reduction with evidence of ten (10) hands-on training cases	One (1) year experience post qualification in a related field
	Academic qualification as Registered Nurse, Assistant Nurse, or Beauty Therapist And Hair reduction certification from one of the following bodies if attained from outside UAE: <ul style="list-style-type: none"> • The Society for Clinical and Medical Hair Removal (SCHMR) • National Council on Laser Certification (NCLC) With evidence of ten (10) hands-on training cases 	

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

18.20 Medical Imaging

Title	Qualifications	Experience
Radiographer/ Radiography Technologist تقني أشعة	Bachelor's degree from an accredited university in a Radiography, Radiology Technology, or Medical/Diagnostic Imaging program	Two (2) years of experience post qualification in the general radiology field
	Diploma in Radiology (minimum three (3) years course duration)	
	Associate degree in Radiography program (minimum two (2) years course duration) And Registration/certification or accreditation as a radiographer (Refer to table 18.19.2)	
Radiography Technician فني أشعة	Bachelor's degree in a Radiography /Radiology Technology or Medical Imaging program	One (1) year experience post qualification in a related field
	Diploma or equivalent as a Radiography Technician (minimum two (2) years course duration)	Two (2) years of experience post qualification in related field
Resonance Magnetic (MRI) Imaging Technologist تقني الرنين المغناطيسي	Bachelor's degree or Diploma (minimum three (3) years course duration) in MRI	Two (2) years of experience post qualification in the MRI field
	Bachelor degree in a Radiography /Radiology Technology or Medical Imaging program And Post graduate Diploma in MRI (Minimum of twelve (12) months course duration)/ Registration as MRI Technologist with ARRT, UK HCPC, AIR or other equivalent bodies (Refer to table 18.19.2)	
Sonographer تقني اشعة صوتية	Bachelor's degree or Diploma in Diagnostic Ultrasound or Sonography (minimum three (3) years course duration)	Two (2) years of experience post qualification in related field
	Associate Degree in Sonography (minimum two (2) years course duration) And Registration/certification or accreditation as radiographer/Sonographer(Refer to table 18.19.2)	
	Bachelor's degree or Diploma from an accredited institution in Radiography /Radiology Technology or Medical Imaging (minimum three (3) years course duration) And Post-primary Certificate or Diploma degree (minimum twelve (12) months course duration) in Diagnostic Ultrasound	

Nuclear Medicine Technologist (PET Scanning) تقني طب نووي	Bachelor's degree or Diploma or its equivalent from an accredited institution in Nuclear Medicine Imaging (minimum three (3) years course duration)	One (1) year of experience post qualification in the Nuclear Medicine field
	Associate degree (minimum two (2) years course duration) from an accredited program in Nuclear Medicine And Valid Registration or Certification (Refer to table 18.19.2)	Two (2) years of experience post qualification in the Nuclear Medicine field
	Bachelor/Diploma/Associate degree in a Radiography /Radiology Technology or Medical Imaging program And Diploma/Master of minimum one (1) year in Nuclear Medicine	

18.20.1 Radiology/Medical Imaging – equivalent qualification

Medical Radiation Technology

Diagnostic Imaging

Health Sciences (Radiography or Medical Imaging)

Medical Imaging

Medical Radiation Sciences/Technology

Radiography

Radiology Technology

Note: For MRI/Sonography, if the bachelor's degree is in a health-related field, it must include an emphasis on anatomy and physiology followed by a post-graduate certificate/diploma in MRI or Sonography.

18.20.2 List of Registrations/Certifications/Accreditations

Registrations/Certifications/Accreditations	General	MRI	Nuclear Medicine	Sonography
The American Registry of Radiological Technologists (ARRT) registration	✓	✓	✓	✓
The American Registry for Diagnostic Medical Sonography (ARDMS)				✓
The Canadian Association of Medical Radiation Technologists (CAMRT) certification	✓	✓	✓	
Sonography Canada accreditation				✓
The Australian Institute of Radiography (AIR) accreditation	✓	✓	✓	
Australian Sonographer Accreditation Registry (ASAR) accreditation				✓
Registration with the Regulation Health and Social Care Professionals - Ireland	✓	✓	✓	✓
Nuclear Medicine Technology Certification Board (N.M.T.C.B.) certification - USA			✓	
Documented evidence of passing the Registration Examination Assessment (REA) path to registration Or Registration with the New Zealand Medical Radiation Technologists Board	✓	✓	✓	✓

18.21 Medical Laboratory

Title	Qualifications	Experience
Phlebotomist فني سحب دم	Minimum six (6) months program in Medical Laboratory Sciences	One (1) year experience post qualification as a phlebotomist
	Completion of an approved certified phlebotomy program	
	Certificate in the field of Health Science (minimum of one (1) year course duration)	
Medical Laboratory Technician فني مختبرات طبية	Diploma or certificate in Laboratory Technician from an accredited program or equivalent (minimum two (2) years course duration)	No experience required*
	Bachelor's in Biotechnology providing the qualification covered Medical Laboratory subjects and clinical training	
Medical Laboratory Technologist تقني مختبرات طبية	BSc in Medical Laboratory Technology/Medical Laboratory Science or Biomedical Science	No experience required*
Medical Laboratory specialty titles (Table below) مسميات تخصص المختبرات الطبية	Bachelor in the Specialty field Or BSc in Medical Laboratory Technology with One (1) year emphasis of the curriculum in the field of specialty in the basic qualification curriculum	Two (2) years of experience post qualification in a related field
	BSc in Medical Laboratory Technology And Certification by the ASCP in the specialty	Two (2) years of experience post qualification in a related field
	BSc in Medical Laboratory Technology	Four (4) years of experience post qualification in a related field

*In compliance with the Discontinuity of Practice (Gap of Practice) criteria

Clinical Scientist عالم سريري	BSc in Medical Laboratory Technology/Medical Laboratory Science or equivalent qualification And MSc in a relevant specialty	Three (3) years of experience post qualification in a related field
	BSc in Medical Laboratory Technology/Medical Laboratory Science or equivalent qualification And Ph.D. degree in a relevant specialty	Two (2) years of experience post qualification in a related field

18.21.1 Clinical Scientist / Medical Laboratory Technologist Specialty Licensing Titles

Specialty titles	مسمى التخصص
Blood Banking/Transfusion	بنك الدم/نقل الدم
Clinical Biochemistry (Chemical Pathology)	الكيمياء الحيوية السريرية
Cytogenetic	علم الوراثة الخلوي
Cytology	علم الخلية
Genetics	علم الوراثة
Hematology	علم الدم
Histocompatibility and Immunogenetic	عالم التوافق النسيجي والمناعة الجينية
Histotechnology	أمراض الأنسجة
Immunology	علم المناعة
Medical Microbiology	علم الجراثيم الطبي
Molecular Biology	علم الأحياء الجزيئي
Molecular Genetics	علم الوراثة الجزيئية

18.22 Medical Physics

Title	Qualifications	Experience
Medical Physicist تقني فيزياء طبية	BSc degree in Physics or equivalent (e.g., Advanced Mathematics, Biomedical Engineering, Biophysics) And MSc degree or Ph.D. in Radiation Physics or Medical Physics or Biophysics or Engineering physics	Two (2) years of experience post qualification in the hospital setting
Assistant Medical Physicist مساعد تقني فيزياء طبية	BSc degree in Radiation Physics or Medical Physics from an accredited program or equivalent.	Two (2) years of experience post qualification in the hospital setting

18.23 Occupational Therapy

title	Qualifications	Experience
Occupational Therapist معالج وظيفي	Bachelor's degree or Diploma from an accredited institution in Occupational Therapy (minimum three (3) years course duration)	Two (2) years of experience post qualification in a related field
	Direct entry to a recognized program with the attainment of an MSc degree in Occupational Therapy	
Occupational Therapy Assistant * مساعد معالج وظيفي	Graduate of an accredited course in Occupational Therapy (minimum two (2) years course duration)	Two (2) years of experience post qualification in a related field
Psychomotor Therapist معالج نفسي حركي	Bachelor's degree in Psychomotor Therapy (minimum three (3) years course duration)	Two (2) years of experience post qualification in a related field

*Occupational Therapy Assistant cannot work independently.

18.24 Operation Theatre Technology

Title	Qualifications	Experience
Operation Theatre Technician فني غرف العمليات	Diploma in operation theatre or Associate degree in surgical technology (minimum two (2) years course duration)	Two (2) years of experience post qualification in a related field
Operation Theater Technologist تقني غرف العمليات	Bachelor's degree in operation theatre	Two (2) years of experience post qualification in a related field

Title	Qualifications	Experience
Dispensing Optician فني صرف عدسات طبية	BSc in Optical Dispensing or Ophthalmic Dispensing	Two (2) years of experience post qualification in related field
	Associate Degree/Diploma (minimum two (2) years course duration) in Optometry or Ophthalmic Dispensing	Four (4) years of experience post qualification in related field
Ophthalmic Technician فني عيون	Graduate from a certified program (minimum two (2) year course duration) as Ophthalmic Technician	Two (2) years of experience post certification in Retinalphotography and Fluorescent angiography field
Optometrist فني بصريات	Bachelor's degree or Diploma in Optometry/Doctor of Optometry (minimum three (3) years course duration)	Two (2) years of experience post qualification in a related field
Orthoptist مقوم بصر	BSc degree or equivalent qualification in Orthoptics	Two (2) years of experience post qualification in related field
	Qualification of two (2) years duration leading to valid registration as an orthoptist in one of the below bodies: <ul style="list-style-type: none"> ○ Healthcare professional Council of UK ○ American Orthoptic Council of USA ○ International Orthoptic Association ○ The Canadian Orthoptic Society 	Four (4) years of experience post qualification in a related field in a hospital setting

Note:

21.12 Nurses and Midwives

Applicants who have a valid license & GSC issued from the countries (Shown below) Provided the qualification was obtained within the recent (2) years OR there is not a Gap of Practice since the last day of employment

Issuing Countries	
Austria	Luxembourg
Australia	Netherland
Belgium	New Zealand
Canada	Norway
Denmark	Singapore
Finland	South Africa
France	Sweden
Germany	Switzerland
Iceland	UK
Ireland	USA

Note: If the healthcare professional did not complete the university studies in English or if his/her license belongs to a non-English speaking country from the above list, one of the below evidence of English language proficiency must be provided:

- TOEFL score of not less than 500 or equivalent
- IELTS score of not less than 5.0
- Occupational English Test (OET) of not less than C
- Cambridge Assessment English score of not less than 169

Criteria 2: Applicants have valid examination pass record of the Authorities' recognized international examinations listed below will be exempted from licensure

Equivalency Assessment	
USA/Canada/Australia	. Proof of successfully completed National Council Licensure Examination (NCLEX)

21.13 Dental Hygienist

Criteria 1: Applicants who have a valid license & GSC issued by countries/ licensing authorities listed below, will be exempted from licensure examination. Provided the qualification was obtained within the recent (2) years OR there is not a Gap of Practice since the last day of employment.

Country	
Austria	Luxembourg
Australia (Australian Dental Board)	Netherland
Belgium	New Zealand (NZ Dental Council registration as Dental Hygienist)
Canada	Norway
Denmark	Singapore
Finland	South Africa (HPCSA registration as Dental Hygienist)
France	Sweden
Germany	Switzerland
Iceland	UK (General Dental Council (GDC) registration as Dental Hygienist)
Ireland (Irish Dental Council registration as Dental Hygienist)	USA

Note: If the healthcare professional did not complete the university studies in English or if his/her license belongs to a non-English speaking country from the above list, one of the below evidence of English language proficiency must be provided:

- TOEFL score of not less than 500 or equivalent
- IELTS score of not less than 5.0
- Occupational English Test (OET) of not less than C
- Cambridge Assessment English score of not less than 169
